Section includes descriptions

January 2006

The Resource Center at the California Department of Alcohol and Drug Programs (ADP) is pleased to present the 2006 Library Videocassette Catalog. The DVDs and videos in this catalog are gathered from many sources and have been reviewed for appropriateness of content. Several new DVDs and videos have been added and others discontinued. The contents, opinions, and beliefs expressed in the DVDs and videos are the views of the source, and are not intended as official ADP policy. DVDs and videos are available on a loan basis at no cost to residents of California.

The catalog is divided into four sections.

Section I – Introduction

Provides information about the Resource Center, including Library services and how to order materials.

Section II – Newly Added Video Titles

New titles added after the last edition of the catalog.

Section III – Subject Listing

DVD and video titles are separated by subject to provide assistance in selecting appropriate materials for various audiences.

Section IV – Alphabetical Listing

Includes the title, description, copyright date, and DVD and video running time.

Questions or comments regarding DVD and video titles listed in this catalog can be directed to the Resource Center Library.

The Resource Center Staff

Section I

Introduction

ABOUT THE RESOURCE CENTER

The Resource Center (RC), California Department of Alcohol and Drug Programs (ADP), maintains a comprehensive collection of alcohol, tobacco, and other drug (ATOD) prevention and treatment information. This information is provided to California residents at no cost through a Clearinghouse, a full-service Library, Internet communication links, and a telephone information and referral system. Services can be accessed by letter, fax, Internet, e-mail, telephone, or in person during the business hours of 8:00 a.m. to 4:30 p.m., Monday through Friday, excluding state holidays.

Following are brief descriptions of RC services:

CLEARINGHOUSE

More than 600 ATOD booklets, pamphlets, research papers, posters, technical manuals, and other printed materials are available upon request. The Clearinghouse provides information to community and school organizations, families and individuals, prevention and treatment programs, and government agencies. Printed materials are continually updated as new information is identified. A Publications Catalog of print materials can be ordered through the RC Clearinghouse (Publication No. 3493).

LIBRARY

The Library maintains a collection of specialized alcohol, tobacco, and other drug reference sources including books, journals, reports, and audiovisual materials. These materials are available for loan directly to employees of government agencies and organizations funded through county alcohol and drug programs, as well as through lending libraries.

INFORMATION, REFERRAL, AND ELECTRONIC COMMUNICATION

The Resource Center maintains two toll-free statewide telephone numbers (1-800-879-2772) and (1-800-662-4357) for California residents needing alcohol, tobacco, and other drug prevention and treatment information. The Resource Center can also be reached by dialing (916) 327-3728. **The Resource Center provides non-emergency information only and does not operate a crisis line.**

Through an extension of ADP's home page <http://www.adp.ca.gov>, the RC maintains a number of electronic communication links. The Publications Catalog is provided in an online browse/search/shopping cart format http://rc.adp.ca.gov/rc_pc_main.asp. The Videocassette Catalog is available in a browse/search format http://rc.adp.ca.gov/rc_vcs_main.asp. Both the Publications and Videocassette Catalogs are available for viewing and can be downloaded in PDF format at http://www.adp.ca.gov/rc/rc_sub.shtml.

HOW TO USE THE CATALOG

Table of Contents: To locate DVD and video titles by alphabet or subject category, you can use the Table of Contents to locate the page numbers.

Subject: Know the subject you are looking for? Under the subject heading, DVD and video titles are listed in alphabetical order. Some DVD and video titles may be listed under more than one subject heading.

Alphabetical Listing: Know the title? This list includes a description of the DVD and video titles with the publication year and running time.

A Statement of Responsibility and Ordering Information are located on the following page (**page iv**). A **Library Loan Agreement (page vi)** must be completed and on file in the Resource Center Library prior to processing a request for loaned materials. If you are interested in borrowing materials, fill out the reproducible **DVD/Video Loan Request Form (page vii)**, and send your request to the location listed at the top of the DVD/Video Request Form.

NOTE: DVD and video titles in this catalog are gathered from many sources. The contents, opinions, and beliefs expressed in these materials are the views of the source, and are not intended as official ADP policy. Questions or comments regarding these materials can be directed to the producers or publishers of these materials.

STATEMENT OF RESPONSIBILITY

Please read the following information regarding responsibility for Resource Center (RC) Library material.

A **Library Loan Agreement** must be completed and on file in the RC Library prior to processing a request for loaned material. The applicant is required to sign the **Library Loan Agreement** and submit it to the RC Library, along with a business card or the agency's letterhead, for approval.

The **Library Loan Agreement** is a signed statement whereby the applicant agrees to be responsible for:

- The care and guarded possession of materials.
- Recovery cost(s) of lost or damaged materials.
- Indicating if materials are damaged or not in usable condition upon return.
- Returning materials ON or BEFORE the due date.
- Adequate protective packaging of materials being returned.
- Returning materials via UPS or U.S. mail with insurance.

Note: Copyright laws protect materials provided by the RC Library. Unauthorized reproduction constitutes a violation of U.S. copyright laws.

ORDERING INFORMATION

Please follow the steps below to initiate approval for DVD/video loan requests from the Resource Center Library.

1. Complete a **Library Loan Agreement** form (see page vi) – All **Mandatory Information** must be completed, the Agreement signed by the person who will take responsibility for replacing lost or damaged materials, and must be on file with the RC, along with a copy of the agency's letterhead or a business card, prior to processing any loan request.
2. Submit the **Library Loan Agreement** form to the RC Library via U.S. mail or fax. Both the address and fax number are located at the top of the form.
3. A **Patron** number will be assigned by the RC Library. This number must always be placed in the appropriate box on the **DVD/Video Loan Request** form. Patrons will be notified by telephone or email that they have been approved and a patron number assigned.
4. **DVD/Video Loan Request** form (see page vii) – This form can be duplicated for your use and is always required when requesting DVDs/videos.

ORDERING INFORMATION CONT.

Please follow the steps below to initiate a DVD/Video Loan Request.

1. **Complete the form clearly.** Make sure that the agency street address, city, state, zip code and patron number are included.
 - ◆ DVDs/Videos are **limited to two (2) per request.** List alternate titles, if needed.
 - ◆ DVDs/Videos are **loaned for a three-week period** and may be renewed upon request and approval.
 - ◆ DVDs/Videos may be ordered by **U.S. mail, fax, email or in person.** Only under special circumstances will orders be taken by telephone.
 - ◆ Orders are shipped via UPS. Please allow 1-2 weeks for delivery.

VIDEO DISTRIBUTORS

Following is a selected list of video distributors that sell videos to general and professional audiences. The Department of Alcohol and Drug Programs does not endorse any of the video distributors. Exclusion of any video distributor from this list does not reflect opinions of that organization held by the State of California, the California Department of Alcohol and Drug Programs, or any employee of the Resource Center. This list is not for promotional or advertising purposes. It is provided for the convenience and benefit of our patrons.

Alphabetical Listing

**@24/7.com Teens Talk About:
Prejudice**

Teens talk with other teens about prejudice in a reality-based, unscripted style that speaks to today's adolescents.

2001 \ 22 min.

>>Series Title: @24/7.com

**@24/7.com Teens Talk About:
Conflict Resolution**

Teens talk with other teens about conflict resolution in a reality-based, unscripted style that speaks to today's adolescents.

2001 \ 18 min.

>>Series Title: @24/7.com

**@24/7.com Teens Talk About:
Drugs**

Teens talk with other teens about drugs and the consequences of drug abuse in a reality-based, unscripted style that speaks to today's adolescents.

2001 \ 20 min.

>>Series Title: @24/7.com

A

ABC's of Mentoring, The

Provides information and tools for starting a program in your organization. Includes a program manual, business plan, video, camera-ready templates, and handouts.

1995 \ 19 min.

Abusing Over-The-Counter Drugs

Explores the most common abuses of over-the-counter (OTC) drugs and shows the chemical, biological and psychological damage that can result from abusing these ordinary drugs. Teaches viewers how to carefully read and understand OTC drug labels for active ingredients and potential overdose.

2004 \ 22 min.

Active Parenting of Teens Kit

Six sessions teach parenting skills that work: "The Active Parent," "Instilling Courage and Self-Esteem," "Developing Responsibility through Discipline," "Winning Cooperation through Communication," "The Challenge of Alcohol and Other Drugs," and "Parenting and Teen Sexuality." The kit includes: 2 videotapes, 1 Leader's Guide, 1 Parent's Guide, 1 Promotion Guide, 2 Course Announcement posters, 24 parent brochures, "Letting Go: a Final Gift" color print, a parent completion certificate, order form for Parent's Guides and supplementary materials.

1990 \ 1 hr. 24 min. \ 1 hr. 22 min.

**Active Parenting of Teens: Tape 1
What's Your Parenting Style?**

Describes three major parenting styles (dictator, doormat, active) and explores the pros and cons of each. Also reviews the physical and emotional changes teens are experiencing and how they affect behavior.

1999 \ 28 min.

>>Series Title: Active Parenting of Teens
Video Library

**Active Parenting of Teens: Tape 2
Your Teen's Success Cycle**

Helps parents understand how the "Think-Feel-Do" cycle guides a teen's decision-making process and explains how to promote a cycle of success rather than failure.

1999 \ 23 min.

>>Series Title: Active Parenting of Teens
Video Library

**Active Parenting of Teens: Tape 3
Sidestepping the Power Struggle**

Explores five subconscious goals of teen behavior, how to avoid power struggles, and how to conduct problem-prevention and problem-solving talks. Model conversation: a father discusses AIDS with his teenage son.

1999 \ 28 min.

>>Series Title: Active Parenting of Teens
Video Library

**Active Parenting of Teens: Tape 4
Effective Discipline**

Demonstrates proven discipline techniques, mutual respect and how to express wishes using non-confrontational "I" messages. Model conversation: a family brainstorming ways for the son to bring his grades up.

1999 \ 28 min.

>>Series Title: Active Parenting of Teens
Video Library

**Active Parenting of Teens: Tape 5
Active Communication**

Shows parents how to avoid mixed messages and blocked communication. Model conversations: a mother discusses drugs and alcohol with her teens, culminating in the signing of a "no-use" agreement; a parent and teen discuss sex.

1999 \ 28 min.

>>Series Title: Active Parenting of Teens
Video Library

**Active Parenting of Teens: Tape 6
The Magic of Family Meetings**

Parents will learn about conflict resolution and family council meetings. Model conversation: parents confront a child who is found with marijuana.

1999 \ 29 min.

>>Series Title: Active Parenting of Teens
Video Library

Addict, The: Stop the Madness

Interviews with doctors and patients of a Beverly Hills drug rehab hospital emphasize that heroin addiction is quickly becoming an affluent American problem and that addiction is treatable but never curable. Influences leading to addiction including peer pressure and parental influence are covered.

2000 \ 15 min.

>>Series Title: Healthy Living Series

Addicted to OxyContin

In a joint investigation with MTV, this 48 Hours broadcast focuses on Troy Swett, who confessed his addiction and underwent rapid detox at the Waismann Institute. This program debates whether OxyContin is addictive when used as prescribed, and it tracks the rise in theft of OxyContin from pharmacies and patients.

2004 \ 42 min.

Addiction and the Human Brain

Shows the complicated structure and function of the brain using colorful and compelling visuals and computer animations. Explains the changes to the brain caused by prolonged use of drugs such as cocaine, heroin, nicotine, alcohol and methamphetamine. Shows how voluntary drug use eventually leads to involuntary and compulsive behavior. (Available in DVD and VHS)

2005 \ 28 min.

Addiction by Prescription

Highlights groundbreaking strategies for treating the addiction to prescription medications and looks at office-based and pharmacological approaches that help make treatment more effective.

2004 \ 58 min.

>>Series Title: The Road to Recovery 2004

**Addiction in the Family:
The Domino Effect**

Addresses the family affected by addiction. Dr. Claudia Black presents three particular areas that greatly impact the family: the powerlessness over the disease of addiction, the unmanageability caused by addiction and codependency, and the need for tough love to counteract enabling behavior.

1998 \ 27 min.

**Addiction in the Home: Healing
Lives, Families, and Communities**

Explores the full spectrum of needs and services related to the family of someone with an addiction disorder. Analyzes key factors that can support or impede the recovery process, including employment, health care, children, mental health, and housing.

2005 \ 1 hr.

>>Series Title: The Road To Recovery
2005

**Addiction: A Biopsychosocial Model
Part 1 - Mind-Altering Substances**

The first of a three-part presentation on the addiction of alcohol and other drugs, and the mind-altering substances that can activate substance abuse and addiction.

2001 \ 20 min.

**Addiction: A Biopsychosocial Model
Part 2 - Addictive Risk Factors**

The second of a three-part presentation on addiction explains the physical, psychological, and social risk factors of substance abuse and addiction.

2001 \ 20 min.

**Addiction: A Biopsychosocial Model
Part 3 - Substance Abuse & Addiction**

The third of a three-part presentation on addiction describes the symptoms of substance abuse and addiction. Explains how these symptoms can develop slowly and unnoticed; how people can recognize and objectively evaluate their alcohol and drug use; and how they can take action to break out of the addiction cycle.

2001 \ 20 min.

**Addiction: Young Adults Winning
the Battle - Drugs**

Discusses the health risks associated with drugs and how drugs can take control of users' lives. Students will learn the frightening details about a dozen substances, including their street names, the ways they are taken, how they affect the body, and how they alter behavior.

2001 \ 22 min.

**Addiction: Young Adults Winning
the Battle - Tobacco**

Explains that tobacco delivers the powerful drug nicotine into the body's bloodstream. A group of teens describe how they first felt social acceptance when using tobacco but later experienced many negative effects.

2001 \ 22 min.

**Addiction: Young Adults Winning
the Battle - Alcohol**

Recounts three teens' experiences with alcohol and explains the hard facts of alcohol abuse.

2001 \ 20 min.

**Addictions...Solutions: A Look at the
Signs of Addiction**

Provides information regarding the signs and symptoms of alcoholism and drug addiction by those who are in recovery. A directory of resources and programs that exist in Ventura County are provided at the end of the video.

199_ \ 19 min.

Addictions: Chemical & Behavioral

Overview of the basic principles of addiction. Covers the traditional addictions to drugs and alcohol, and shows how gambling and certain eating habits can be considered addictions.

2004 \ 21 min.

Adolescence & the Future

Parents of children with Fetal Alcohol Syndrome (FAS), educators, and health professionals discuss the problems two young people will face as victims of FAS.

1991 \ 22 min.

Adolescent Alcohol & Other Drug Assessment and Treatment Placement Protocols

An instructional video for professionals and others who work closely with adolescents. Provides information on identifying the need, and understanding the purpose of adolescent assessment and treatment placement. Describes what signs to look for and how to know which are the best tools to use in the assessment of youth.

1997 \ 20 min.

Adolescent Substance Abuse: A Public Health Priority

Features interviews with leading physicians, lawyers and researchers who discuss the prevention and treatment of substance use problems.

2002 \ 23 min.

Adolescent Treatment Approaches

Stresses the importance of understanding the specific needs that accompany adolescent development as the key to success in treatment. Examines the family's role in treating substance abuse problems among adolescents. Family therapy and other treatment programs are also presented.

1992 \ 25 min.

Adolescents and Co-Occurring Disorders

Teens in recovery for co-occurring disorders share their stories of addiction and psychiatric illness. Viewers will be able to recognize and understand co-occurring disorders and develop a clear picture of what steps are necessary to initiate and maintain a recovery program.

(Available in DVD and VHS)

2003 \ 24 min.

Adult Children of Alcoholics: Trust Yourself

Interviews with adult children of alcoholics about how they have recognized and dealt with the effects of growing up with an alcoholic parent.

1988 \ 23 min.

Adults and Co-Occurring Disorders

Helps clients gain insight into maintaining recovery while dealing with dual disorders. Hope for recovery is reinforced by noted expert Kenneth Minkoff.

(Available in DVD only)

2003 \ 28 min.

Advertising Alcohol: Calling the Shots

Examines the images used by advertisers to sell alcohol. It is based on the lectures, slide presentations and research by Jean Kilbourne, nationally known media analyst and educator, who has spent many years studying the advertising and alcohol industries.

1991 \ 30 min.

After-FX

Three public service announcements (PSAs) on Ecstasy. "Hole Punch" (30 sec.), "Alone" (English; 30 sec.), and "Alone" (Spanish; 30 sec.).

2003 \ 1 min. 30 sec.

Alcohol

This program focuses on three teenagers, Trisha, ChiQuita, and Matt, as they candidly reflect on their first tastes of alcohol, how they got hooked on getting drunk, and how they finally summoned the strength to stop drinking, once and for all.

2002 \ 20 min.

Alcohol & Its Effects

Describes the effects based on blood alcohol levels and length of use; the neurochemistry of tolerance and withdrawal; emotional and physical reasons for drinking and craving; genetic and environmental contributions to alcoholism; causes for different levels of drinking (e.g. binge); social effects of drinking (e.g., DUI, violence); effects on the developing fetus (e.g., FAS & FAE); treatment and recovery strategies.

2001 \ 1 hr.

Alcohol & Your Health: Where Do You Draw the Line?

Explores alcohol and its effect on health. Features different vignettes including drinking while pregnant, drinking while on medication, and drinking on the job. Also features interviews with clinical experts.

2002 \ 13 min.

>>National Alcohol Screening Day

Alcohol Screening & Brief Intervention

This training module is a three-part curriculum implementation project developed to teach alcohol screening and brief intervention techniques to nursing students and other health professionals. "Identifying Alcohol Abusers" and "Identifying Drug Abusers" are the other video titles in this training module.

1999 \ 30 min.

Alcohol al Volante y Sus Victorimas, El

Examines the effects that drunk driving has on innocent victims as well as the impact on the drunk drivers themselves. An excellent tool to use both in court-mandated training programs for convicted drunk drivers and drunk driving prevention programs. (Spanish version only)

1998 \ 22 min.

Alcohol and Drug Disorders, Sexually Transmitted Diseases, and Other Infectious Diseases

Highlights efforts to improve treatment for persons with coexisting substance use disorders and infectious diseases. Gives insights into proven approaches for providing appropriate services across collaborative systems of care.

2004 \ 1 hr.

>>Series Title: The Road to Recovery 2004

Alcohol and Drug Use Screening, Intervention, and Referral: Changing the Nation's Approach to Comprehensive Healthcare

Introduces innovative approaches to educating health care professionals on appropriate screening, intervention, and referral procedures that can be incorporated into clinical settings.

2004 \ 58 min.

>>Series Title: The Road to Recovery 2004

Alcohol and Drug Use and the Cultures of Addiction

Explores the culture of addiction and highlights related substance use and addiction treatment trends across the nation. Examines what is being done to promote change within these hard-to-reach groups.

2003 \ 1 hr.

>>Series Title: Join the Voices of
Recovery: Celebrating Health

Alcohol and Pregnancy: Fetal Alcohol Syndrome and Fetal Alcohol Effects

Introduces future parents to the dangers of alcohol consumption during pregnancy and educates them on the topic of Fetal Alcohol Syndrome (FAS) and Fetal Alcohol Effects (FAE). Examines the possible lifelong effects of alcohol on a child such as physical, emotional, and psychological symptoms.

1995 \ 20 min.

Alcohol and Sex: Prescription for Poor Decision-Making

Explores how the use of alcohol clouds thinking, hinders decision-making skills, and creates an unfavorable atmosphere for making healthy decisions. The video and accompanying Teacher's Resource Book offer young people insights into how the avoidance of alcohol and other drugs will enhance their health as well as their ability to make healthy decisions.

1998 \ 22 min.

Alcohol and Tobacco: Feels So Good, Hurts So Bad

Takes a look at tobacco and alcohol, and the potentially devastating effects both have on the health of those who are addicted to the two drugs. The relationship between smoking, disease, disability, and death is well documented, as are the health benefits of quitting. Explains the devastating effects not only on addicted individuals, but also on family members, friends, and productivity in the workplace.

2001 \ 30 min.

>>>Series Title: The Human Condition

Alcohol and Your Health: Ruov Va Suc Khoe

Addresses the use of alcohol within the Vietnamese community and discusses the effects it has on their lives mentally and physically. Provides information on alcohol prevention in Santa Clara County. (Vietnamese version only)

1991 \ 17 min.

Alcohol: A Women's Health Issue

Profiles women recovering from alcohol problems and describes the health consequences of heavy drinking in women.

2002 \ 12 min.

Alcohol: Drug Undercover

Teens narrator, role-play and offer testimonials about the effects and dangers of alcohol on young people.

2003 \ 12 min.

Alcohol: Hot Topics for Teens

Four teenagers tell about their experiences with alcohol abuse, how they defeated their addictions, and how they got their lives back.

1995 \ 16 min.

Alcohol: La Sustancia, la Adiccion, la Solucion

Replace myths with reality through facts, information, and intimate portraits of users. This video interlaces dramatic personal stories of recovery from alcoholism with essential facts about the disease and recovery. (Spanish version only)

2003 \ 41 min.

Alcohol: The Substance, the Addiction, the Solution

Replaces myths with reality through facts, information, and intimate portraits of users. This video interlaces dramatic personal stories of recovery from alcoholism with essential facts about the disease and recovery. (Available in DVD only)

2005 \ 40 min.

>>>Series Title: Drugs of Addiction

Alcohol: Think Don't Drink

Features young people who have experienced firsthand how devastating alcohol can be to young lives. Students will learn the truth about a boy who died when his drinking went too far. A researcher performs experiments that show how alcohol can slow down brain and eye functions. Dr. Elizabeth Roberts reveals how the use of alcohol can cause numerous short- and long-term problems.

1999 \ 20 min.

Alcohol: True Stories

Hosted and narrated by actor Matt Damon, this video profiles four young people from diverse backgrounds who tell their true stories about alcohol's impact on their lives. Includes a discussion guide with eight classroom/homework activities.

2002 \ 20 min.

Alcohol: What You Don't Know

Uncovers the myths and truths about alcohol's effects on behavior and driving skills, as well as binge drinking. Features profiles of teens who are recovering alcoholics.

1996 \ 29 min.

>>Series Title: In The Mix: For Teens By Teens

Alcoholic Blackouts and the Brain

Seeks to raise the public's awareness about little known and little researched phenomenon, alcoholic blackouts. Documents causes and consequences of alcoholic blackouts, a form of amnesia. Follows the story of a young adult who got behind the wheel of a car while under-the-influence and killed five people. (Available in DVD and VHS)

1999 \ 14 min.

Alicia

Tells the story of a contemporary Latino urban family's struggle with alcohol problems. Centers around Alicia, a California high school student, and her troubled relationship with her parents. (Available in English and Spanish)

1994 \ 29 min.

America in Jeopardy: The Young Employee in the Workplace

Highlights the workplace experiences of several young substance abusers before and during recovery. A tool for supervisor training as well as employee education.

1992 \ 20 min.

Anger Management: Stop, Relax and Think!

Teaches teens about anger, what its physical and psychological effects are, and how to stop short of the aggressive responses and reflexive hostility that can precipitate violence.

2005 \ 16 min.

>>Series Title: In the Know

**Archivos Adolescentes, Los:
La Verdad Sobre la Bebida**

Shows the consequences of alcohol use from every perspective, including: how drinking impairs a person's coordination, vision, and reaction time; how the brain and other organs suffer lasting damage from alcohol use; how a drunk person really drives; and how drinking can lead to spending months in a rehabilitation center. (Available in Spanish only)

1998 \ 30 min.

>>Series Title: Los Archivos Adolescentes

**Archivos Adolescentes, Los:
La Verdad Sobre la Violencia**

Provides information on teen violence, conflict resolution, youth-at-risk, behavioral choices and decision making, and gangs. Students' understanding of the correlation between risky behavior, violence and their personal well-being is reinforced when seen through the eyes of eight Los Angeles teens. (Available in Spanish only)

2000 \ 57 min.

>>Series Title: Los Archivos Adolescentes

**Archivos Adolescentes, Los:
La Verdad Sobre las Drogas**

Demonstrates to teens the effects of various types of drugs on themselves, friends, babies, and families. The damage that drugs do to their bodies is not always apparent. Today's teens often overlook the dangers they face when using such as rape, homelessness, suicide, jail time, and the inability to focus and study. (Available in Spanish only)

2000 \ 30 min.

>>Series Title: Los Archivos Adolescentes

Assessing Client Needs Using ASI

A two-volume training video demonstrating the use of the Addiction Severity Index (ASI). Covers the seven problem areas assessed in the standard interview as well as supplemental questions that may be asked of women. Includes an ASI Handbook for Program Administrators, a Resource Manual, and a Training Facilitator's Manual.

1993 \ 65 min. \ 64 min.

Assessment

An overview of the assessment process provides clinicians ease in conducting assessments and selecting diagnostic tools during their clients' treatment. Adult and adolescent tools examined include the ASI, the Problem Oriented Screening Instrument for Teenagers (POSIT), and the Personal Experience Inventory (PEI).

1992 \ 22 min.

Assessment & the Early Years

Examines the diagnosis and assessment of children with Fetal Alcohol Syndrome (FAS). Discusses the needs of these children and offers strategies for working with them.

1991 \ 21 min.

**Athletes, Alcohol and Steroids:
What's Wrong With This Picture?**

Explains why school athletes are at a greater risk of abusing alcohol and steroids, and how knowledge about the problem can be a first step in reducing athletes' alcohol and steroid use. Interviews with coaches, teens and professional athletes highlight the problem and emphasize how alcohol use undermines the success in sports.

2005 \ 22 min.

Babies At Risk: CBS 48 Hours

The topic of at-risk babies and their mothers is explored in eight segments: "Too Soon, Too Small," "Street Smart," "Labor of Love," "Small Victories," "Arresting Behaviors," "Latin Lesson," "The Legacy," and "National Nag."

1990 \ 50 min.

**Babies Can't Say "NO":
Substance Abuse During Pregnancy**

Shows how a pregnant woman's use of alcohol, tobacco, and other drugs may severely harm the fetus, causing miscarriage or premature birth. Explains that an infant who survives an alcohol-soaked pregnancy is often born with Fetal Alcohol Syndrome, a group of serious physical and neurological birth defects, and the most common cause of mental retardation.

(Available in DVD and VHS)

2001 \ 23 min.

Babies in Waiting

Narrated by animated unborn babies, explains how drugs and alcohol affect them when their mother takes drugs.

1992 \ 27 min.

**Be Vocal, Be Visible, Be Visionary:
A Report From the Field by the
Presidents Leadership Group**

The Presidents Leadership Group (PLG) is a consortium of college and university presidents that work to lessen dangerous drinking practices and develops recommendations for fellow presidents to consider. Strategies include offering alternative activities for the student body, changing the environments in which alcohol is consumed, creating substance-free student housing, working with business leaders and local government, and getting students involved.

1998 \ 21 min.

Best Friends, Worst Enemies:**Socially Aggressive Girls**

Examines the causes and effects of social aggression, which has become more destructive through access to the Internet, instant messaging, email and cell phones. Provides insight and advice on negotiating the complexities and pitfalls of this world in which words do, indeed, hurt you.

2005 \ 17 min.

>>Series Title: In the Know

Beyond Trauma: A Healing**Journey for Women**

This kit is an integrated curriculum for women's services based on theory, research, and clinical experience. While the materials are designed for trauma treatment, the connection between trauma and substance abuse in women's lives is the theme throughout. The kit contains three videos, a facilitator's guide, and a workbook for women.

Cancelled Lives: Violence/Gangs

Based on personal letters of individuals who are incarcerated. Cancelled Lives: Letters From the Inside Series profiles the experiences of young people in juvenile facilities and adults in prison. Provides an insider's view of life behind bars and explores many of the factors that can lead to crime - growing up in an abusive family environment, using drugs, and joining gangs.
1997 \ 19 min.

Caring for Drug-Affected Infants

Presents new strategies and research findings about caring for babies born addicted to cocaine.
1991 \ 20 min.

Cartoon All-Stars to the Rescue

Animated story on the pitfalls of alcohol and drug use. Features Winnie the Pooh, Teenage Mutant Ninja Turtles, Alf, and others. (Closed Captioned.)
1990 \ 30 min.

Carved From the Heart

Stan Marsden, a Tsimpsian wood carver in Craig, Alaska lost his son to a cocaine overdose. In his grief, he decides to create a totem pole and invites the community to help. The project grows and helps a community heal, bringing people of diverse backgrounds together and acknowledging common problems of personal loss, drug abuse, suicide and violence. This video also acknowledges the lifestyles and interruptions to the passage of tradition within Alaska Native American Indian communities.

1997 \ 30 min.

Chalk Talks: Addiction and the Elderly

Discusses some causes and symptoms of addiction among the elderly. Talks about intervention and treatment.

1996 \ 45 min.

Challenge to Care, A: Strategies to Help Chemically Dependent Women & Infants

Shows specific strategies for health providers caring for pregnant and newly parenting women with chemical dependencies. It presents specific, practical interventions to use in prenatal, post-partum, and pediatric settings.

1990 \ 38 min.

Changing Channels: Alcohol Prevention Program for Grades 6, 7, and 8

Five teenagers are pressured to go to a party to drink. An unusual television experience helps them re-think their own assumptions and attitudes about alcohol. As they "channel surf," they see key parts of several stories (a teen drama, game show, police story, and others) with different messages about alcohol.

1993 \ 23 min.

Chaos to Calm

Talks about drugs, gangs, and crime in campuses and schoolrooms. Explores the programs and personalities that have turned "battlegrounds" into ideal campuses.

1984 \ 25 min.

Check Yourself PSAs: April 1999

Four public service announcements on drinking and driving targeting teens. Each shown in 60-second segments. "Boundries," "Consequences" (English), "Memories," and "Consequences" (Spanish).

1999 \ 5 min.

Check Yourself: Never Drink and Drive

Three public service announcements on drinking and driving targeting teens. Each shown in 60-, 30-, 15-, and 10-second segments. "Boundries," "Consequences," and "Memories."

1998 \ 9 min.

Children of Alcohol and Drug-Addicted Parents: Protecting Our Future

This is the fifth video in a seven-part series of Webcasts that discusses and highlights key issues related to the 2001 Recovery Month observance. This program focuses on the effective, culturally appropriate, and science-based approaches to helping these often overlooked victims of addiction.

2001 \ 57 min.

>>Series Title: Drug Addiction Recovery Month

Children of Alcoholics: Tape 1 - Talking Circle

Provides an overview for facilitators and youth on how the Talking Circle works, how eight feelings are developed, and the gifts that the circle provides for those who participate in it.

2002 \ 43 min.

Children of Alcoholics: Tape 2 - The Cycle of Life

Reviews the eight stages of the Cycle of Life and discusses the development of the eight thought patterns and feelings.

2002 \ 46 min.

Children of Alcoholics:**Tape 3 - Self-Talk**

Explores the way our continuous dialogue with ourselves shapes who we are and who we become. Provides guidelines for changing the messages we give ourselves.

2002 \ 1 hr.

Children of Alcoholics:**How Schools Can Help**

Examines the needs of Children of Alcoholics (COA) and Children of Substance Abusers (COSA) in grades 4 through 8, and presents strategies for helping them in the crucial pre-high school years. Presented in three segments: "What Educators Need to Know About COA" (18 min.) "COA Roles and Rules" (20 min) and "What Educators Can Do to Help COA" (18 min.)

1992 \ 56 min.

Choice for Life, A

Shows the effects of driving while under the influence of alcohol or drugs and how teens often face heavy peer pressure to engage in substance abuse.

1988 \ 32 min.

Choices

An inside look at a drug court. Offenders share how they got started with drugs and the effects that drugs have played in their lives. (condensed version)

1989 \ 34 min.

Civic and Appointed Officials:**Raising Their Voices for Recovery**

The fifth video in a seven-part series of Webcasts that discusses key issues related to the 2002 Recovery Month observance. Explores how civic and appointed officials are making a difference in the support of recovery. Shows how treatment advocacy efforts have helped improve services for individuals dealing with addiction.

2002 \ 57 min.

>>Series Title: Join the Voices of Recovery: A Call to Action

Classroom Connections:**Making a Difference**

Designed to assist middle school educators in building resilience skills in students.

Developed to be used either alone or in conjunction with the Connections Kit or the Discovery Kit. The activities demonstrated in the video may be used as a guide to the activities in the kits or may be replicated as shown in the video.

1994 \ 24 min.

Close to Home: Changing Lives

Visits the Ridgeview Institute near Atlanta to interview recovering addicts and sit in on a group therapy session. This program also takes a look at Project Safe, an innovative treatment program that reaches out to disadvantaged mothers who are addicts, and to their children who are at serious risk of becoming addicts. (Available in DVD and VHS)

1998 \ 1 hr. 21 min.

>>Series Title: Moyers on Addiction: Close to Home

Close to Home: Portrait of Addiction

Nine men and women all recovering from substance abuse tell their stories. The recovering addicts include a former narcotics agent now recovering from a cocaine habit; a mother of three who is a marketing specialist; a former addict and founder of Stand Up Harlem, a community of HIV-positive addicts and recovering addicts; a journalist and former addict who actually served as the researcher for this series. (Available in DVD and VHS)

1998 \ 57 min.

>>Series Title: Moyers on Addiction: Close to Home

Close to Home: The Hijacked Brain

Bill Moyers goes into the laboratory to follow researchers engaged in charting an "image of desire in the brain." Images of a cocaine user's brain are shown as the drug takes effect, and a doctor explains how these scans reveal addiction as a chronic relapsing brain disease. Moyers observes a genetic researcher as he monitors a variety of factors that may determine who is likely to become an alcoholic. (Available in DVD and VHS)

1998 \ 57 min.

>>Series Title: Moyers on Addiction: Close to Home

Close to Home: The Next Generation

Experts focus on two prevention efforts in a community and family. One works with parents addicted to heroin by teaching them how to repair the damage to a family troubled by drug abuse, and in spite of it, how to raise strong, resilient children. The other, vigilant counselors in Dade County Florida schools watch for kids at risk of becoming drug addicts, and provide immediate counseling for those who are already involved with drugs.

(Available in DVD and VHS)

1998 \ 57 min.

>>Series Title: Moyers on Addiction: Close to Home

Close to Home: The Politics of Addiction

Arizona's Proposition 200 proposed a reassessment of the status of non-violent drug addicts now serving time, and emphasized treatment over incarceration. The movement was supported by an alliance from across the political spectrum. Members of congress, doctors, and policy activists have joined in a movement with recovering people that is pushing for new public policy. This video looks at Arizona's struggle to find an alternative to current policies. (Available in DVD and VHS)

1998 \ 57 min.

>>Series Title: Moyers on Addiction: Close to Home

Club Drugs: A Video Guide for Parents and Professionals

Provides information on the dangers of club drugs such as Ecstasy, GHB, Ketamine, Rohypnol, LSD, OxyContin, and methamphetamines. Dr. Chris Michos, an emergency room physician, as well as various other professionals and law enforcement experts, explains in clear language how the different drugs work, their hazards and the danger signs to look for in teen users.

2003 \ 20 min.

Club Drugs: Dancing With Danger

Features teens sharing their sometimes harrowing experiences. Sheds light on the dangers of various drugs that may be encountered by young people. Drugs covered include GHB and "roofies" (Rohypnol), both referred to as "date rape" drugs, LSD, DMX (Dextromethorphan), PMA (a deadly form of Ecstasy), and methamphetamines. (Available in DVD and VHS)

2002 \ 20 min.

Club Drugs: When the Party Is Over

Examines the dangerous effects of club drugs, focusing on Ecstasy, GHB, Rohypnol, Ketamine, LSD and Methamphetamines.

(Available in DVD and VHS)

2005 \ 28 min.

>>Series Title: Drugs of Addiction

Co-Occurring Disorders: Mental Health & Drugs

Examines the mental illnesses that are part of a dual diagnosis (e.g., schizophrenia, bipolar, depression) and shows how psychoactive drug use can aggravate or induce these illnesses. This video helps explain the relationship between the two conditions.

2005 \ 36 min.

Cocaina y Crack: Retorno del Abismo

Uses personal stories of addiction and recovery to reveal the history, pharmacology, and medical impact of cocaine and crack use. (DVD available in English, VHS available in Spanish)

2003 \ 46 min.

>>Series Title: Drugs of Addiction

Cocaine

A story of a San Francisco police officer who began using cocaine and became addicted. His addiction led to the end of his career in law enforcement and time in jail. Scientific information about cocaine addiction is presented in this video.

1994 \ 8 min.

Cocaine & Crack

Examines the powerful stimulant cocaine and its smokable form crack. Looks at cocaine's effect on the body's energy supplies, the neurochemical effects of chronic and high-dose use, the reasons compulsion and addiction develop, and treatment strategies when users want to recover.

2003 \ 35 min.

Cocaine Kids Training Tape: New Strategies, New Solutions

Children born addicted to cocaine enter school with a variety of disabilities that present unique challenges to their educators. Many of these problems are behavioral and can be disruptive and frustrating. While there are no firm answers, new strategies are being developed to help these children lead normal and productive lives. In this easy-to-follow video, suggestions and methods for improving behavior, self-esteem, and emotional instabilities are outlined for the educator and other caregivers.

1991 \ 23 min.

Cocaine and Crack: Back from the Abyss

Uses personal stories of addiction and recovery to reveal the history, pharmacology, and medical impact of cocaine and crack use. (DVD available in English, VHS available in Spanish)

2005 \ 46 min.

>>Series Title: Drugs of Addiction

Cocaine and Human Physiology

Identifies the damage done to the body by cocaine -- whether snorted, injected, or smoked. Testimonials and statistics reveal that the drug is highly addictive.

1987 \ 20 min.

Coming Together on Prevention

Coming Together presents three prevention models based on NIDA-sponsored research. "Reconnecting Youth" is a school-based program aimed at high-risk high school students. "Strengthening Families" provides parenting skills to substance-abusing parents and drug resistance skills to their children. "Project STAR" is a multifaceted community-based prevention program that uses schools, parents, media, community, and public policy to prevent drug abuse among youth.

1994 \ 27 min.

Coming to Term

Talks about the struggles women face when dealing with their addiction to drugs and alcohol when pregnant. It touches on the subjects of prenatal drug abuse, recovery for the addicted woman, and treatment.

1992 \ 10 min.

Confronting Drunk Driving

Features the true story of Mike Poveromo, a young man who killed his two best friends in a drunk driving car crash when he was a teenager. Offers important tips for how to avoid being a passenger in a car driven by an intoxicated driver. Teacher's Resource Book offers many useful and thought-provoking worksheets for classroom use.

2003 \ 27 min.

Connections Kit

The Connections Kit is designed to build resiliency against alcohol and other drug problems among children raised in high-risk families and communities, with special emphasis on children of alcoholics.

"Growing up Isn't Easy" (12 min.) teaches basic facts about alcohol, alcoholism, and what the risks are for children of alcoholic families. "Michael's Journey" (30 min.) is about two African-American boys, from two different families, who have problems with alcoholism.

1992 \ 12 min. \ 30 min.

Conscience

About stopping underage drinking and the responsibility of merchants to check individuals for fake IDs. (Spanish version only)

1992 \ 12 min.

Counseling Children of Alcoholics: Fostering Resiliency

A training video for school counselors, social workers, psychologists and nurses. Examines protective factors that foster resiliency and how to implement them in school-based counseling programs. Features resiliency expert, Bonnie Benard, and educational personnel training expert, Veronica Skerker. The training is presented in two segments: "Resiliency and Protective Factors" and "School-based Strategies for Fostering Resiliency."

1994 \ 34 min.

Crack & Ice

Dr. Cardwell C. Nuckols discusses stimulant addiction, specifically crack cocaine and ice. He outlines symptoms of stimulant addiction, the rapid progression of addiction and how detox and withdrawal from these stimulants is different from other drugs. Nuckols discusses the association of increased violence and suicide with crack and ice use.

1997 \ 20 min.

Creando Nuestro Futuro: Apego a los Medicamentos del VIH/SIDA

Explores the lives of four Latinos from Southern California. Includes a diverse array of experiences: from Silvia, whose 12-year-old daughter was infected through mother's milk, to Jose, whose doctors told his family several years ago that he would live only a few days. (Spanish version only)

1999 \ 29 min.

Creating Healthy Communities for Kids: Start Over, Starting Now

Features Search Institute president Dr. Peter L. Benson and others. Shows how any community can become a healthy, positive, supportive place for all young people. Includes discussions on youth programs, effective ways to reach youth, how to get a program started, and six steps to asset building.

1998 \ 12 min.

Cross-Addiction: The Back Door to Relapse

Presents an overview of the nature of cross-addiction and helps clients understand the impact of multiple drugs on the body and mind. (Available in DVD only)

2005 \ 30 min.

>>Series Title: Drugs of Addiction

CrossFire Project, The: Youth vs. Tobacco

Offers a first-hand account of youth making a positive difference in reducing youth tobacco use through effective youth-to-youth prevention messages. Provides educators, prevention specialists and youth leaders with excellent tools in promoting both youth development and an anti-tobacco message.

2003 \ 25 min.

Cultures of Recovery, The

Highlights what communities can do to support and encourage individuals with substance use disorders as they begin the recovery process and as they reclaim their lives.

2003 \ 57 min.

>>Series Title: Join the Voices of Recovery: Celebrating Health

Curriculum in a Box: Substance Abuse 2005

This compact, portable module is more than a video series; it is an all-inclusive drug education curriculum library. It is teacher friendly and provides the latest information on tobacco, alcohol, steroids, and other drugs. Includes 11-videos; 2-teacher's resource books; 2-overhead transparency packs, 4-posters, and 1-folder of student worksheets. (Available in DVD and VHS)

2005 \ 20 min. each

Cutting Back: A Sensible Approach to Drinking and Health

Designed to inform and interest primary care medical practices and managed care organizations by providing a basic education in alcohol screening and brief intervention. It was originally created in 1996 and recently updated for distribution in Alcohol Screening Day.

1997, Revised 2004 \ 11 min.

>>National Alcohol Screening Day

D

DUI/DWI:

Make This One Your Last One

Without using scare tactics or judgments, this program helps first-time DUI offenders appreciate the danger of drinking and driving, and suggests action steps and contingency plans to prevent future offenses. (Available in DVD only)

2003 \ 20 min.

DUI: The Road to Ruin

Describes what it means to be under the influence, explains what type of drugs and intoxicating drugs are involved, outlines the consequences of this behavior, and provides strategies for avoiding a DUI.

2003 \ 30 min.

Danger Zone, The: Steering Clear of Drugs Kit

Contains advice, information and activities to help students gain the skills and knowledge they need to navigate safely through dangerous situations. The kit includes a Teacher's Resource Book and three DVD/video components: "Alcohol, Tobacco, and Marijuana" (20 min); "Dangers in Your House" (20 min); and "The Power of No" (16 min.).

2005 \ 56 min.

Dangerous Frontiers of Substance Abuse, The: A Look at Alcohol and Drug Use Trends

Looks at the emerging trends related to underage drinking, illicit drug use, and nonmedical use of prescriptions and over-the-counter medications, as well as the challenges and successes of treatment.

2005 \ 1 hr.

>>Series Title: The Road to Recovery 2005

Dating Violence: Abuse Is Never Love

Teaches teens to recognize a potential abuser, how to escape an abusive relationship, and how to help a friend who you believe is being victimized.

2005 \ 16 min.

>>Series Title: In the Know

David Toma Live!

1992 \ 12 min. \ 30 min.

Disease of Alcoholism Update, The

Dr. David L. Ohlms, a world authority on addiction disease, explains why the medical community considers alcoholism a primary disease and not a symptom of some other condition. He presents significant new findings on the genetic and physiological aspects of alcohol addiction, providing fresh insights into its chronic, progressive, and incurable nature. A good tool for alcohol/drug education and substance abuse classes. (English version available in DVD and VHS. Spanish version available in VHS only.)

2002 \ 38 min.

Diversity in Mentoring: Profiles From Serving Minority and At Risk Youth

Profiles four mentor/mentee relationships. It covers Latino youth, mentors in schools, college students as mentors, and African-American youth.

1990 \ 59 min.

**Do You Believe In Magic:
Teens and Marijuana**

Provides information about marijuana and dispels the myths. Discusses the physical effects marijuana use has on the body including damage to the lungs, brain, and reproductive system. Also covers the addiction cycle and how to break through an addict's denial of his/her addiction and face the reality of life as the first step toward recovery.

(Available in DVD and VHS)

2001 \ 22 min.

**Doctors' Views on Drugs and
The Dangers of Drugs**

A two-segment video, 30 minutes each. The first segment, "Doctors' Views on Drugs" includes interviews with doctors discussing alcohol, marijuana, cigarettes and chewing tobacco, crack and cocaine, ecstasy, and methamphetamine, and how they harm the body. The second segment, "The Dangers of Drugs" features interviews with drug addicts and homeless people talking about how they got started using drugs and later ended up on the streets. Special guest speakers include members of the Oakland Raiders, San Francisco Giants, and American Dare Devil Evil Knievel.

2002 \ 1 hr.

Domestic Violence & Substance Abuse

Viewers learn about different forms of emotional and sexual violence, and common ways in which people rationalize the abuse of substances. Provides examples of how the cycle of domestic violence and codependency can be broken by recognizing that these are learned behaviors that can be changed. For those struggling with domestic violence and substance abuse, the video offers resources and direction on group support and therapy, how friends and family can help, and which legal steps can be taken.

1994 \ 23 min.

**Door to Recovery, The:
Community Drug Abuse Treatment**

Describes several community treatment programs across the country, emphasizing the need for addicts to develop responsibility and to participate in after care groups.

1990 \ 24 min.

Double Jeopardy: Clinical Management of the HIV / Hepatitis C Co-Infected Patient

Dr. Stephen Tabet and Dr. Margaret Shuhart of the University of Washington provide expert guidance on the management of co-infected patients, including counseling, treatment candidacy, an overview of current therapies, monitoring, and follow-up. It follows a co-infected patient from diagnosis through referral to a specialist.

2002 \ 23 min.

Downfall: Sports & Drugs

Stories of teen athletes, grades 7 - 12, and the effects drugs would have on their ability to play. These teens talk about the joy and pride they feel in being drug free.

1988 \ 28 min.

Downside of Uppers

Dr. David Ohlms discusses the physical and psychological dangers of stimulants, primarily cocaine and methamphetamine. He describes how stimulants affect brain cells and cause one of the strongest addictions known. He also discusses the various stages of withdrawal from cocaine and methamphetamine, as well as the similarities and differences between the two drugs. (Available in DVD and VHS)

2000 \ 27 min.

Dreams On Fire

This documentary from the "Life & Times" series on KCET Los Angeles follows Fire Station 68 and their efforts to make a difference in the life of a thirteen-year-old inner city boy, Jermaine. As the firefighters grow closer to Jermaine and begin to understand the challenges he must face on a daily basis, they become determined to reach out to the community. Captain Kwame Cooper starts a youth program that uses basketball to carry a message of hope and principles to the next generation.

1997 \ 27 min.

Drinking It In: Mixing Alcohol Images and Kids

Alcohol images are everywhere. This video depicts how children are surrounded daily by alcohol messages and the many different mediums for these images and the messages they send.

2002 \ 5 min.

Drinking and Driving Kills

Stories from three families who have suffered unimaginable loss. The tragic deaths of Jennifer, Chris and Shelita are shared with young viewers in the hope that teenagers will not drink and drive. Also featured is Ed Neal, now an adolescent drug rehab counselor, who killed his best friend while driving drunk. He delivers a powerful plea to kids to think before they do something that can cause so much pain to themselves and their victim's families.

1997 \ 25 min.

Drinking, Driving, and Drugs: A Deadly Mix

Introduces viewers to the dangers of driving under the influence of alcohol and other drugs. Includes statistics that show the undeniable risks involved with driving while intoxicated, as well as interviews with police, doctors, and prevention activists about the dire consequences.

2004 \ 20 min.

Driving Drunk: Your Choice?

Focuses on four real-life situations where someone chose to drive drunk, and shows the long-term effects of those choices.

1994 \ 20 min.

Dropouts

Viewers visit North High School in Des Moines, Iowa to meet four teens at risk of dropping out of high school. This program takes an in-depth look at the process of "dropping-out" and the alternatives available to teens who want to get an education.

1997 \ 15 min.

**Drug Abuse & HIV:
Reaching Those at Risk**

Shows how three intervention models educate out-of-treatment injection drug users about AIDS, the behaviors that transmit the disease, and strategies that reduce the risk of contracting AIDS.

1995 \ 17 min.

Drug Abuse & the Brain

Presents the effects drugs such as cocaine, heroin, and marijuana have on the brain chemistry.

2001 \ 15 min.

**Drug Abuse Treatment in Prison:
A New Way Out**

Describes two prison-based drug abuse treatment programs: therapeutic community and drug education models. Stresses the importance of the continuity of care from prison to community.

1994 \ 23 min.

Drug Abuse and the Brain

A detailed look at the biological basis of drug addiction. Explains how the brain's reward system operates and how drug abuse can cause fundamental changes in how the brain works.

1994 \ 26 min.

Drug Abuse: Altered States

Gives viewers the hard facts on how different drugs affect the mind and body and counters the common myths and misconceptions. Teens speak candidly about the lasting, and sometimes tragic consequences of substance abuse on their lives.

1999 \ 29 min.

>>Series Title: In The Mix: For Teens By Teens

**Drug Addiction:
The Promise of Treatment**

Introduces a new initiative in drug policy by the Physician Leadership on National Drug Policy (PLNDP). Includes the stories of several recovering addicts; interviews with leading physicians and researchers; addiction treatment research findings; a profile of Baltimore, Maryland and the treatment programs the city is implementing; and the PLNDP as a lobbying force on Capitol Hill.

1998 \ 18 min.

Drug Avengers

Three children from the future travel back to the 20th century to take on the life-threatening problem of drug abuse in 10 animated programs, each emphasizing a different message. (Spanish version only.)

1988 \ 1 hr. 15 min.

Drug Baby

In three-parts, this video is about a teenage substance-abusing mother. Tracks what happens to both her and her child.

1995 \ 1 hr. 30 min.

**Drug Free Southern California:
Summer 1997 Television Rotation**

All of the PSAs in this video are between 10-30 seconds. General spots target 6-8 years: "Brain," "Big ol' bug," "When others ask/ignore." Marijuana spots, target parents: "Burbs," "Deal," "That's sensitive Al."

1997 \ 10 min.

Drug Free Zones: Taking Action

Designed to motivate communities to take action against drug dealing and alcohol-related problems.

1991 \ 27 min.

Drug Testing in Schools

Presents an overview of student-based drug testing. Explains the drug testing process and legalities, provides statistics and studies on student-based drug testing, and identifies and discusses the pros and cons of drug testing.

2004 \ 1 hr.

Drug Treatment: KVIE-6

California CapitolWeek

A California CapitolWeek special edition on Proposition 36, treatment versus incarceration. Hosted by Jack Kavanagh and Melissa Crowley along with guest speakers Kathryn Jett, Director of the California Department of Alcohol and Drug Programs, Attorney General Bill Lockyer, Superior Court Judge Donald Shaver, California District Attorney Larry Brown, and Captain Rick Brazier Sacramento Police Department. State and local officials as well as people within the Criminal Justice System address the issues surrounding this major shift in policy. A new way of dealing with first and second time non-violent drug offenders in California. It redefines California's approach to the war on drugs looking at drug abuse as a medical and health matter rather than just a criminal justice problem.

2001 \ 27 min.

Drug Use and Addiction

Identifies and effectively demonstrates the harmful physical, social, and behavioral effects of drug use on teens. Dispels the myth that recreational drug use is benign, and illustrates the devastating long-term effects of usage, including the trap of addiction, the consequences of overdose, and the deadly link to HIV/AIDS.

(Available in DVD and VHS)

2002 \ 21 min.

Drug War on Main Street

A segment of 48 Hours that tracks citizens for two days showing what they did to get drug dealers out of their neighborhoods.

1990 \ 60 min.

Drug Wars: Crank County

A comprehensive look at crank (the street name for methamphetamine or meth). Compelling interviews and stories from law enforcement, emergency medical workers and users dramatically illustrate the lethal potential of this drug. The program depicts the dangers of meth, including its psychoactive and physical properties. The lost lives and permanent physical damage associated with meth illustrate that this is a dangerous substance. (Available in DVD and VHS)

1997 \ 25 min.

Drug Wars: Drugs of the Rave Culture

Eric Martin, one of the nation's leading experts on club drugs, discusses a wide array of substances including MDMA (ecstasy), methamphetamine, GHB, and ketamine. Learn about the severe price that users pay just to have a "good time." (Available in DVD and VHS)

2003 \ 25 min.

Drug Wars: It Can Happen To You!

A mother and father tell the story of their son's growing drug addiction, his trouble with the law, and his difficult recovery. (Available in DVD and VHS)

2002 \ 23 min.

Drug Wars: Kickin' Butts--

How to Put Out Your Last Cigarette

Viewers find out what to expect when they quit smoking and get tips to help ease the transition to becoming a non-smoker. Learn to deal with cravings, anxiety, mood swings, stress, depression, loss of concentration and fatigue.

2000 \ 24 min.

Drug Wars: Last Call - The Sobering Truth About Drinking During Pregnancy

Helps educate mothers, their male partners, families and friends about the need to stay away from alcohol during pregnancy. After watching Last Call, you will know why drinking during pregnancy isn't worth the risk.

2001 \ 26 min.

Drug Wars: One Family's Battle

The compelling, true story of Linda Couch, and how she fought to save her brother, Eric, from an addiction to heroin. She tells of an average family, torn apart by an addiction that started casually, then progressed to harder drugs, sickness, and desperation. It talks about the other victims of drug abuse: sisters, parents, and friends. They suffer as well, though many drug users claim to be only hurting themselves. (Available in DVD and VHS)

1998 \ 24 min.

Drug Wars: The High Times

Today's number one killer of young people is alcohol. Aimed at teens, this video teaches the dangers of underage drinking and focuses on the choices that face kids today. In addition to health issues, viewers will learn about alcohol's addictive properties, and why kids can and do die from alcohol poisoning. (Available in DVD and VHS)

1999 \ 24 min.

Drug Wars: The New Marijuana

Unravels the myths regarding marijuana and explains how genetic engineering techniques have changed it dramatically over the years. Discusses the effects of marijuana on the brain, heart, lungs, and immune system. (Available in DVD and VHS)

2003 \ 23 min.

Drug Wars: Up Against the Stem

Describes how teen marijuana use can quickly spiral out of control. In their own words, teens describe how they became addicted and the negative effects it had on their lives. Integrated with scientific information, this video covers the physical, social, and behavioral consequences of a highly underestimated drug. (Available in DVD and VHS)

2003 \ 23 min.

Drug Wars: Who Will Cry For Our Children

Explores the effects of illegal drugs on unborn babies and the social and economic impact these drug-afflicted babies have on society. Find out why they are called "million-dollar-babies." (Available in DVD and VHS)

2002 \ 25 min.

Drugs and AIDS: Reaching for Help

Video evoking the harmful effects of drug abuse and HIV infection. It provides basic information about HIV prevention and about the risks of drug abuse, with the principal aim to motivate people who are at risk to seek help. Three people tell their stories about struggles with drugs and HIV.

1992 \ 26 min.

Drugs and Society: The True Cost To You! Drugs in the Workplace

Businesses pay a high cost for substance abuse in the workplace in the form of employee absenteeism, accidents, errors, low morale, and illness. A panel of experts takes a look at how community coalitions can work with businesses to deal with this problem.

2004 \ 1 hr.

>>Series Title: Drugs and Society

Drugs and Society: The True Cost To You! Substance Abuse and Disease

Provides information on how drugs contribute to the rate of HIV/AIDS, sexually transmitted diseases, hepatitis C, and even some forms of cancer. Addresses some of the evidence-based approaches to working with at-risk youth on these issues. Shows examples of how we can talk with our kids about drugs and some of the associated risky behaviors that can truly be life threatening.

2005 \ 1 hr.

>>Series Title: Drugs and Society

Drugs and Youth...The Challenge

Designed for parents, educators, and family members of teens. Provides information about drugs and alcohol, paraphernalia and symptoms of abuse.

1991 \ 23 min.

Drugs and Youth: Meeting the Challenge

Developed to give parents and educators tools to help prevent drug abuse in the lives of young people. Features interviews with students, teachers, parents and drug abuse experts who provide valuable information about the reasons young people turn to drugs and what kinds of drugs are most commonly used. (Available in DVD and VHS)

2004 \ 28 min.

Drugs of Abuse: Volume 1

Provides facts on three categories of abused drugs: cannabis, depressants, and stimulants. The chemical make-up and the damaging short- and long-term effects of each drug category are described in easy to understand language. Slang terms and signs of substance abuse and addiction are provided to help identify behavior of drug users.

2002 \ 16 min.

Drugs of Abuse: Volume 2

Provides facts on four categories of abused drugs: narcotics, hallucinogens, inhalants, and anabolic-androgenic steroids. The chemical make-up and the damaging short- and long-term effects of each drug category are described in easy to understand language. Slang terms and signs of substance abuse and addiction are provided to help identify behavior of drug users.

2002 \ 17 min.

Drugs, Alcohol and Pregnancy

One out of ten babies in the U.S. has been exposed to drugs such as cocaine or alcohol in the womb. The results are often tragic: undersized, unresponsive babies with nerve damage, seizures, deformities, impaired motor skills, and behavior and learning disabilities. Through interviews with doctors and women with drug-affected children, this program gets across vital information in a hard-hitting way. Video includes a session with a physician who addresses many students' misperceptions about drugs and how they affect a fetus. Also includes a brief teacher's guide.

1992 \ 25 min.

Drugs, Pregnancy and You

A collaborative effort between educators, law enforcement personnel, medical professionals, and other substance abuse experts. This video is designed to inform young adults in high school of the dangers and consequences of substance abuse associated with pregnancy. Included is a video presentation and written guidelines that should assist in instructing high school students concerning this critical information.

1997 \ 19 min.

Drugs: Aspects of Addiction

Features hard-hitting interviews with recovering alcoholics and drug addicts. Strong messages on the dangers of drug abuse are delivered, but the video also illustrates that a person currently using drugs has the ability to change and make positive lifestyle adjustments. (Available in DVD and VHS)

2001 \ 18 min.

Drugs: Asset Seizure

A debate on the use of asset seizure and forfeiture provisions to help finance anti-drug efforts. Focuses on the Broward County, Florida, sheriff's program.

1990 \ 28 min.

Drugs: Hot Topic for Teens

Teens discuss the experiences they've had with drugs and how it affected their lives. These young people talk of how they fought their addictions, won, and how much better their lives are without drugs.

1995 \ 15 min.

Dual Diagnosis

Focuses on the problem of mental illness in drug-abusing and drug-addicted populations and examines various useful approaches for treating dually diagnosed clients.

1993 \ 27 min.

Dual Diagnosis Presentation

A video recording of a 1998 presentation made by two staff members of the River City Community to a group of care providers at the California Department of Alcohol and Drug Programs. The presenters explain some of the symptoms and characteristics of the most common brain disorders, talk briefly about the most widely used medications, give an overview of some of the problems that a facility treating the dually diagnosed faces, and field some questions from the audience. The presenters stress that both addiction and mental illness can be treated successfully with the correct tools.

1998 \ 1 hr. 22 min.

Dual Diagnosis: An Integrated Model for the Treatment of People with Co-Occurring Psychiatric and Substance Disorders

Dr. Kenneth Minkoff outlines the key principles of integrated treatment of mental illness and substance abuse.

2000 \ 2 hrs.

Dying High: Teens in the ER

Offers a glimpse into what goes on inside the nation's emergency rooms as doctors treat teens for common ER injuries: drug overdoses, alcohol poisoning, car wreck traumas and more. (Available DVD and VHS)

2003 \ 26 min.

E

EDUCATE: Creating Inhalant Abuse Awareness Together

Through the stories of families, teens, doctors and social workers, the EDUCATE video provides viewers with information on what inhalant abuse is, how to spot it, and where to go for help. Testimonials of two families who have lived through the tragedy of inhalant abuse; a former inhalant abuser from Iowa, who now lives with the consequence of his past abuse, provides a first-person account of the impact of this life-altering behavior; and two social work professionals in Iowa as well as an Illinois doctor representing the American Academy of Pediatrics, provide some real-world advice on the short- and long-term effects of inhalant abuse.

1998 \ 16 min.

Each One, Teach One: Hispanic AIDS Education by and for Teens

Depicts Latino teens working to educate other teens about behavior that could lead to AIDS exposure.

1988 \ 29 min.

Early Years, The

Discusses the symptoms of Fetal Alcohol Syndrome (FAS). Explains how to help these children communicate feelings, how to play with them, and how to prepare them for their years in school.

1997 \ 20 min.

Ecstasy: First Pill or Last?

Dispels the myths about club drugs (including Ecstasy and date rape drugs) and offers information designed to prevent young people from making a choice they could regret.

2004 \ 20 min.

Ecstasy: The E Street Blues

Explores the dangers of illegal chemicals gaining popularity with today's youth and young adults. Includes a brief history of Ecstasy (MDMA), the drug's physical effects upon the body, the way it can affect the brain, the potentially harmful overheating caused by Ecstasy and its psychological toll, including: depression, mood swings, memory loss, and family problems. (Available in DVD and VHS)

2002 \ 21 min.

Ecstasy: The Facts

Explores the skyrocketing use of the psychedelic drug known as Ecstasy. The experts in this video point out that Ecstasy is psychologically addictive and can cause paranoia and psychosis.

2001 \ 21 min.

Ecstasy: What's All the Rave About?

This teleconference about the illicit drug Ecstasy is the second in a four-part series Myth, Facts and Illicit Drugs: What You Should Know. A satellite broadcast for members of community coalitions, community leaders, drug prevention and treatment providers, law enforcement officials, parents, caregivers and educators. A panel of experts will talk about the myths surrounding ecstasy and why it has become so popular with youth today.

2001 \ 1 hr. 30 min.

>>Series Title: Myths, Facts and Illicit Drugs: What You Should Know

Ecstasy: What's All the Rave About? (edited version)

Substance abuse prevention and treatment professionals discuss the latest science-based information for community audiences with varying levels of knowledge about ecstasy. Former ecstasy users join with experts to examine facts, discuss raves, and dispel myths surrounding this dangerous and illicit drug.

2002 \ 30 min.

>>Series Title: Myths, Facts, and Illicit Drugs: What You Should Know

Ecstasy: When the Party's Over

Learn the facts about Ecstasy, the designer drug that can make people feel more connected to one another. This drug has become extremely popular among teens who attend all-night dance parties called "Raves." It is also widely used by those who frequent the club scene.

2001 \ 30 min.

Effective Anti-Drug Coalitions: Elements for Success

Provides information on how to build and sustain effective partnerships between law enforcement and community-based organizations to prevent drug abuse. (Available in DVD and VHS)

2003 \ 22 min.

Employers and Employees in Unison Supporting Recovery Through the Workplace

The sixth video in a seven-part series of Webcasts that discusses key issues related to the 2002 Recovery Month observance. Employers have enormous power to protect their businesses from the negative impact of substance abuse by educating employees about the dangers of substance abuse and encouraging individuals with substance abuse problems to seek help. Looks at a continuum of support employers need to provide in order to retain valued employees.

2002 \ 57 min.

>>Series Title: Join the Voices of
Recovery: A Call to Action

End Broken Promises, Mend Broken Hearts

Provides information on the needs of children of addicted parents; a rationale for addressing their needs; information about educational support groups; and messages from children and parents who have benefited from these groups.

1998 \ 23 min.

End Broken Promises, Mend Broken Hearts (Native American)

Has a brief introduction by Don Coyhis, President of White Bison, Inc. Provides information on the needs of children of addicted parents; a rationale for addressing their needs; information about educational support groups; and messages from children and parents who have benefited from these groups.

1998 \ 23 min.

End of Silence, The

Teens talk to teens about methamphetamine abuse. This video is based on interviews with young addicts, ex-addicts, and others who talk openly about how meth has affected their lives.

2003 \ 58 min.

Enhancing Motivation: How to Engage People into Addiction Treatment

Presents models and methods for assessing clients, and addresses issues associated with clients who come with challenging presentations that include mandated assessment and treatment. Includes 1 videocassette (1 hr. 22 min.), 1 CD-Rom (1 hr. 10 min.), and a 28-page companion guide.

2003 \ 1 hr. 22 min.

Equipped to Serve: Volunteer Youth Worker

Six fast-paced interactive sessions that assist volunteers to gain the skills they need to work with young people.

1995 \ 45 min.

Every 15 Minutes...Someone in the United States Dies or is Seriously Injured in an Alcohol-Related Traffic Collision

A two-day program that challenges high school juniors and seniors to think about drinking, personal safety, and making mature decisions.

1996 \ 32 min.

Everybody's Business 2: Building Bridges

A staff development program that offers promising approaches to the prevention of adolescent health and behavior problems. Four sessions ranging from 60 to 78 minutes each: Bridges to Belonging, Bridges to Healthy Behaviors, Bridges to the Community, and Bridges to Learn.

1995 \ 12-15 hrs.

Everything You Need To Know About Substance Abuse in 22 Minutes

Provides youth with simple, straightforward information about alcohol, tobacco and other drugs. Presents information on the physical effects and legal consequences of using these drugs in a way that is easy for adolescents to understand.

2003 \ 22 min.

Expanding Addiction Treatment Capacity to Meet All Needs

Provides information on designing programs to address discrepancies in treatment capacity, and studying behavioral and addiction treatment financing systems to put forward novel approaches aimed at expanding science-based addiction treatment capacity.

2003 \ 57 min.

>>Series Title: Join the Voices of Recovery: Celebrating Health

Exploring the Community's Role in Recovery

The third video in a seven-part series of Webcasts that discusses key issues related to the 2002 Recovery Month observance. Looks at a variety of delivery systems and treatment approaches to highlight what communities can do to support recovery from substance abuse. Examples of effective programs used in different communities are mentioned.

2002 \ 57 min.

>>Series Title: Join the Voices of Recovery: A Call to Action

Exploring the Connection Between Addiction and Other Health and Social Problems

This is the fourth video in a seven-part series of Webcasts that discusses and highlights key issues related to the 2001 Recovery Month observance. This program looks at the costs to individuals and society and demonstrates how addiction treatment can dramatically reduce such problems.

2001 \ 57 min.

>>Series Title: Drug Addiction Recovery Month

40 Assets: Starting Over, Starting Now

Provides an overview of the power of 40 developmental assets to nurture competent, caring, and responsible children and adolescents. In an engaging and educational style, the video uses stories and examples from individuals across the country to motivate viewers to build assets.

1998 \ 8 min.

Faces of Addiction: Fighting Substance Abuse in Your Community

This three-part television series sheds light on the issue of substance abuse in America. Included in this video "Addicted," "Flashback," and "27th & Prospect: One Year in the Fight Against Drugs."

1997 \ 35 min.

Failing John: A Parent's Guide to Confronting Teen Substance Abuse

Explains why it is important for parents to recognize and confront teen substance abuse and how to stop it. Through dramatizations performed by the renowned Family Life Theater, and through commentary by child therapists in an interactive talk-show audience setting, parents learn how to recognize problems, resolve disagreements, de-escalate conflicts, set limits, and seek professional help.

1995 \ 25 min.

Faith Community Involvement in Substance Abuse Prevention

Highlights faith-based and community initiatives movement, faith-based programs that have been or can be implemented by coalitions, and ways in which community coalitions and faith-based groups can successfully collaborate. Features discussions by several panelists including Beverly Watts Davis, Director of SAMHSA's Center for Substance Abuse Prevention, and Dr. Eduardo Hernandez-Alarcon, Deputy Director of CADCA's National Coalition Institute.

2003 \ 1 hr. 30 min.

Healing Adult Children, the Roots of Violence: Children of Addiction, Part II

The behaviors of Adult Children of Alcoholics (ACOA) have been well documented. Parental addictions such as spending, drugs, work, gambling and sex, produce children with similar, or reactive, behaviors. The viewer learns about alcoholism, drug addiction and loneliness from an adult child of an alcoholic as he begins to recognize his childhood pain and find direction in his life.

1998 \ 26 min.

Healing Road, The

This training video was produced for the purpose of providing a psychoeducational product on Native American mental health issues. It is comprised of two parts: (a) 15-minute session describing the historical and cultural forces affecting native people, and (b) 45-minute panel discussion among four multicultural specialists representing different racial/ethnic groups. The panelists explore the many cultural differences between western professional helping approaches and the healing techniques of other people and cultures.

2002 \ 1 hr.

Healing Years, The

Examines the devastation experienced by several women who were victims of child sexual abuse. Each of the women in the video explains her personal experiences and stresses the importance of recovery.

1999 \ 54 min.

Helping Addicted Youth Find Recovery

Explores the complexities faced by students experiencing problems with and addictions to alcohol and/or illicit drugs. Identified are the barriers students face in seeking treatment and support to battle their dependence. (Available in DVD and VHS)

2003 \ 57 min.

>>Series Title: Joining the Voices of
Recovery: Celebrating Health

Helping the Justice and Child Welfare Systems Meet the Need of Families Affected by Addiction

Examines how the justice and child welfare systems are evolving to address how imprisonment and addiction contribute to child neglect and abuse.

2003 \ 57 min.

>>Series Title: Join the Voices of
Recovery: Celebrating Health

Hemp: Chasing Smoke

Dispels the myth that marijuana use is harmless. Features medical experts, educators, and people of all ages who share knowledge separating the myths from the reality.

1996 \ 30 min.

Hepatitis

The three most common types of Hepatitis A, B, and C are discussed. The main focus is on the causes, transmission and treatment of Hepatitis B and C.

2001 \ 17 min.

Hepatitis C: La Epidemia Silenciosa

Explores every aspect of HCV: diagnosis, symptoms, treatment and its side effects, and lifestyle issues specific to people in recovery from chemical addiction.

(Available in Spanish only)

2003 \ 29 min.

Hepatitis C: What You Should Know (Patient Education Version)

Provides information about the blood borne disease Hepatitis C or HCV, a viral disease that attacks the liver causing inflammation, cirrhosis, and cancer. The video utilizes comments from patients with Hepatitis C, doctors and researchers, all of whom share their firsthand experiences with the disease. Methods of transmission and treatment of Hepatitis C are discussed in detail.

(Available in DVD and VHS)

2004 \ 15 min.

Heroin

A toxicologist explains the physical effects of heroin, how easy it is to become addicted, and the symptoms of withdrawal. Includes an interview with a heroin addict and drug dealer.

1997 \ 20 min.

Heroin and Other Opiates

Dr. David Ohlms links the increase in heroin addiction to the increase in cocaine use. He explores the problem through a discussion of the use and abuse of opiates, both prescription and nonprescription, their effects on the body, withdrawal symptoms, and treatment.

1990 \ 31 min.

Heroin: From Pleasure to Pain

Presents a comprehensive, up-to-date and compelling examination of the use and abuse of heroin. It covers history, tolerance, tissue dependence, withdrawal, treatment and recovery.

1999 \ 34 min.

Heroin: The Real Deal

Takes a look at heroin and how its use can destroy people's lives. The video begins with interviews of family and band members of deceased rock star Brad Nowell from the band Sublime. Interviews with prevention experts, a DEA agent and parents of young people who have died from heroin are also included.

1999 \ 34 min.

Heroin: What am I Going to Do?

Shares powerful stories and keen insights from recovering heroin addicts as they testify to the horrors of addiction and the rewards of clean living.

(Available in DVD only)

2005 \ 30 min.

>>Series Title: Drugs of Addiction

Heroin: What's The Real Dope?

Discusses the effects of heroin use on the individual, family and community; dispels myths about who uses heroin and how addictive it is, no matter how it is ingested; and encourages viewers to educate others about the consequences of heroin use. This program is targeted towards community leaders, prevention and treatment specialists, educators, law enforcement personnel, parents and others concerned about the heroin problem within our communities. A World Wide Web broadcast, July 19, 2001.

2001 \ 90 min.

>>Series Titles: Myths, Facts and Illicit Drugs: What You Should Know

Hidden Dangers: Meth Labs

Examines the hazards of meth labs and clues to recognize that a lab may be present. It provides concrete, practical steps to protect themselves and others who may come across drug labs while working in the community.

2001 \ 18 min.

Hidden Victims: Children of Domestic Violence

Explores the devastating effects which domestic violence has on children. Graphic profiles of four families afflicted by domestic violence reveal the traumatic impact of these experiences during childhood and later on in life. NOTE: This presentation contains graphic descriptions of violent episodes of domestic violence occurring in families with young children. Presenters are strongly advised to preview the program prior to screening it for middle school audiences.

2000 \ 45 min.

High Impact: Substance Abuse and HIV Care

Explores the challenges of delivering HIV care to patients with histories of substance abuse. Specialists David Spach, MD, Deborah Royal, RN, ANP, and psychiatrist Victoria Harris, MD, are joined by a focus group of clients, in a fast-paced program with five sections: Stabilizing and Reducing Harm; Beginning Antiretroviral Therapy; Drug Interactions; Pain Management; and Supporting Adherence.

2001 \ 28 min.

History and Philosophy of Social Model, The

Experts explore and review the history and early philosophy of social model.

1990 \ 41 min.

Homeless Home Movie, The

Profiles five homeless people who struggle with homelessness over a one-year period. These stories are complemented by the contrasting viewpoints of two homeless advocates, whose radically different ideas create a powerful and provocative debate throughout the video. Together all seven of these stories create a dramatic and diverse portrait of homelessness that will provoke discussion about social, psychological, and political dimensions of poverty, homelessness, and welfare.

1997 \ 1 hr. 25 min.

Homeless in America

Focuses on the homeless population in America and their common bond of poverty. Many of the factors contributing to homelessness include the lack of education and job skills, the abuse of alcohol and other drugs, and an often shaky economy.

1996 \ 18 min.

Honour of All:**Sharing Innovations That Work**

A conference held by the Alkali Lake Indian Band focuses on the problems of alcoholism on the reserve.

1987 \ 26 min.

Honour of All:**The People of Alkali Lake**

Personal interviews with former alcoholics and addicts show how the community's effort to recover from widespread alcoholism and drug abuse has paid off.

1987 \ 43 min.

Honour of All:**The Story of Alkali Lake**

A dramatization of the modern day problems of the Shuswap Indians of British Columbia, focusing on the break-up of their culture and their subsequent dependence on alcohol.

1987 \ 56 min.

Hooked: A Gambler's Nightmare

A powerful documentary on gambling addiction and how its abuse affects the family. This video combines professional commentary with the perspective of both casual and problem gamblers to highlight the major elements that lead to problem gambling.

1996 \ 15 min.

Hooked: The Addiction Trap**Part 1 - What is Addiction?**

Offers a definition of addiction, both to substances and behaviors. Experts discuss some of the most recent research on addiction and the brain; factors that contribute to a person becoming addicted to a substance or behavior are explored; and addicts and addiction counselors vividly illustrate the progression of addiction.

1999 \ 25 min.

Hooked: The Addiction Trap**Part 2 - The Consequences of Addiction**

Participants, including youth with substance abuse and smoking problems as well as gambling, internet pornography, and other addictions, discuss the heavy toll addiction has taken on their health, relationships with family and friends, school life, finances and freedom. Experts provide supporting evidence of the physical and psychological consequences, and the legal implications of addiction.

1999 \ 28 min.

Hooked: The Addiction Trap**Part 3 - Alternatives to Addiction**

Resilient youth who have found other avenues to deal with difficulties in their lives offer alternatives to addiction. A model for change, which includes advice on getting help, recognizing warning signs, dealing with feelings, understanding that feeling pain is a part of living, and not giving up, is presented for youth who may already have developed negative patterns which could lead to addiction.

1999 \ 27 min.

How to Conduct Talking Circles

Learn how to create, monitor and manage the Talking Circle process for 12-Step meetings, for family dialogues, for learning and therapy.

1999 \ 21 min.

>>Series Titles: White Bison Wellbriety Recovery Series

I Can: Stories of Deaf and Hard of Hearing People in Recovery

Presents six personal stories of recovery. Can be used with teenagers or college-age students who are deaf or hard-of-hearing, the deaf community, or members of the recovering community.

1994 \ 60 min.

IMPACT: Driving Drunk, Driving High

Hosted by Steve Hanusa, an addiction specialist, this hard-hitting video clearly illustrates the impact driving under the influence of alcohol or other drugs has on our society.

(English version available in DVD and VHS. Spanish version available in VHS only.)

2000 \ 24 min.

Ice Age: Fighting the War on Meth

This training video is designed to teach how to recognize meth clan lab indicators, meth users, and how to properly and safely respond when dealing with meth labs, producers, and users.

2004 \ 1 hr.

Ice Beyond Cool

Shows how the complex social pressures facing teenagers can lead to suicide. Viewers take a journey into the life and mind of Sara, a high school student dealing with the loss of a friend to suicide.

(Available in DVD and VHS)

2002 \ 30 min.

Identifying Alcohol Abusers

This training module is a three-part curriculum implementation project developed to teach alcohol screening and brief intervention techniques to nursing students and other health professionals. "Alcohol Screening & Brief Intervention" and "Identifying Drug Abusers" are the other video titles in this training module.

1999 \ 1 hr. 9 min.

Identifying Drug Abusers

This training module is a three-part curriculum implementation project developed for the teaching of drug screening and identification techniques. For the purposes of this module, the term "drug" refers to psychoactive substances other than alcohol. Because alcohol is considered one of the most misused psychoactive substances, it is the subject of a separate training module. "Alcohol Screening & Brief Intervention" and "Identifying Alcohol Abusers" are the other video titles in this training module.

1999 \ 37 min.

If You Change Your Mind

A teaching tool to help students learn about the consequences of drug abuse. Presents a unique perspective on drug abuse and its effects through the eyes of middle school children.

1992 \ 31 min.

Impact of Stigma on HIV Prevention Programs

Reviews the impact of stigma on health and HIV prevention efforts and how public health programs may send mixed messages that contribute to stigma. Provides an update on public health resources and innovative strategies to reduce or eliminate stigmatizing attitudes.

2001 \ 1 hr. 30 min.

Impaired Driving: DWI Can Equal DOA

Examines the problem of impaired driving and explores the legalities and consequences of this behavior. Victims of drunk drivers also share their testimonies.

2004 \ 20 min.

Implementing a Comprehensive Student Assistance Program: One School's Success Story

Produced by Project REACH, Napa County Office of Education. Offers guidance on starting up a Student Assistance Program (SAP) to help children develop emotionally healthy selves. Eight sections: overcoming obstacles, SAP checklist, REACH training, care team intervention, support team intervention, peer counseling, funding, and REACH for success. A supplement to the manual "Exemplary AOD student services process: an approach for planning student assistance program improvements" by Diane Nissen is available from the Resource Center Library.

1993 \ 30 min.

In & Out of Control: Emotional, Physical, and Sexual Violence

Provides insight in the psychological complexities of violence from the view of the witness, victim, and perpetrator. Explores how heredity, environment, and substance abuse can make a person predisposed to violence. Examines the influence of alcohol and other drugs on domestic, sexual and random violence. Identifies triggers to violence and presents methods of treatment prevention.

1997 \ 38 min.

In the Know: Bullying

Explores the origins, dynamics and relationships of all parties to bullying. Advice is provided on how to avoid becoming a victim of either physical or social aggression, and how to respond to an attack on oneself or a friend.

2005 \ 19 min.

>>Series Title: In the Know

In the Know: Cocaine and Crack

Four young narrators work together to educate viewers about the devastating effects that cocaine in all of its forms has on abusers' social functioning and physical and mental health. Describing the difference between powdered cocaine and crack, this video details the social effects, biological functions, and short- and long-term effects of cocaine, whether it is sniffed, injected, or smoked.

2001 \ 19 min.

>>Series Title: In the Know

In the Know: Hallucinogens

Four young narrators work together to educate viewers about the real dangers of using the commonly abused hallucinogens LSD, psilocybin/psilocyn mushrooms, mescaline, and phencyclidine (PCP). Describes how these drugs can endanger lives and make lasting impacts on a person's mental health. Details the social effects, biological functions, and short- and long-term effects of each of these substances.

2001 \ 20 min.

>>Series Title: In the Know

In the Know: Party Drugs

Four young narrators work together to educate viewers about the tremendous damage that Ecstasy/MDMA, methamphetamine, GHB, Rohypnol, and Ketamine do to the users' lives. Contains an in-depth look at the frightening trend of "date rape" drug use, and provides advice to viewers on protecting themselves. Details the social effects, biological functions, and short- and long-term effects of each of these substances.

2001 \ 24 min.

>>Series Title: In the Know

In the Know: Prescription Drugs

Four young narrators work together to educate viewers about the unfair but terrible risks of prescription drug abuse. Shows the viewer the traumatic damage that unauthorized use of pharmaceutical drugs can do to their social functioning and physical and mental health. The drug groups discussed are tranquilizers, stimulants, and opioid painkillers. Details the social effects, biological functions, and short- and long-term effects of each of these substances.

2001 \ 15 min.

>>Series Title: In the Know

In the Know: Tobacco, Alcohol and Marijuana

Four young narrators work together to educate viewers about the tremendous damage that tobacco, alcohol, and marijuana do to the users' lives. Points out that these are "gateway drugs," dramatically increasing the odds that a user will go on to abuse cocaine or heroin. Details the social effects, biological functions, and short- and long-term effects of each of these substances.

2001 \ 23 min.

>>Series Title: In the Know

Individual and Family Dynamics of Recovery

Highlights the struggles of individuals and families in recovery and the successful strategies they use to begin the healing process and maintain sobriety. Provides insights into conducting successful interventions and provides helpful tips for children, parents, grandparents, and caregivers for dealing with addiction in the family.

2004 \ 57 min.

>>Series Title: The Road to Recovery 2004

Influences: Innocence Betrayed

Explores the devastating impact on society of a growing population of children and adolescents permanently disabled by prenatal substance abuse. (Available in English and Spanish)

1992 \ 24 min.

Inhalant Abuse:**Kids in Danger/Adults in the Dark**

Through documentary footage, classroom situations, peer counseling, animated graphics, and a compelling interview with a mother and her son in recovery, parents and professionals learn the telltale signs of inhalant abuse, the ordinary products that can be misused, how children conceal their abuse, how substances are inhaled, and practical steps for effective prevention.

1990 \ 18 min.

Inhalants

Explores the rising trend of inhalant abuse among teens. The parents of a young man who lost his life to inhalants before his thirteenth birthday tell their story. Discusses the physical damage that inhalants can cause and the many types of inhalants. Ideal for educating teens on the dangers of inhalant abuse.

1997 \ 15 min.

Intervention: The Responsibility of Friends

Designed to help people who have family or friends troubled with addiction. Offers suggestions for approaching them about their addictions.

1995 \ 16 min.

Investigative Reports:
Meth's Deadly High

Methamphetamine is quickly becoming the number one priority in the war against drugs. Easily made and highly addictive, meth has become the drug of choice for many, and the problems are mounting. Go inside a meth house and look at the life of an addict; join drug agents as they take down a working lab; and explore the troubling increase in meth use, including violence, addiction and tragedy, to middle America.

1996 \ 50 min.

Isn't It Great That Treatment Works
PSAs

A set of four public service announcements stressing that treatment works. Each spot equals 30-second segments: "Peek-A-Boo," "Hide & Seek," "Birthday Party" (English), and "Birthday Party" (Spanish).

1996 \ 2 min.

It Can Happen To You:
Alcoholism

Looks at the serious problem of teens and young adults consuming alcohol. Includes interviews with a substance abuse counselor, a police official and family members of victims who were killed in drunk-driving accidents. This program defines the term "alcoholism" as a chronic and progressive, but treatable disease.

2002 \ 30 min.

It Can Happen To You:

Law Enforcement Version

A three segment training video that provides basic survival information for law enforcement officers. Segment one introduces the clandestine laboratories, segment two covers detection and location, and segment three defines booby traps and hazards.

1989 \ 30 min.

L

LAAM: Another Treatment for Opiate Addiction

Levo Alpha Acetylmethadol Hydrochloride (LAAM) was approved in 1993 as an alternative from methadone treatment for heroin abuse. Patients discuss the positive results they have had switching over to LAAM from methadone.

1995 \ 15 min.

Last Call: The Sobering Truth

About Drinking During Pregnancy

Helps educate mothers, their male partners, families and friends about the need to stay away from alcohol during pregnancy. After watching Last Call, you will know why drinking during pregnancy isn't worth the risk.

2001 \ 26 min.

Last Call: The Sobering Truth

About FAS/FAE

Discusses the leading known causes of mental retardation, Fetal Alcohol Syndrome (FAS) and Fetal Alcohol Effect (FAE), preventable diseases that affect thousands of babies each year. This video will educate women who are or who may become pregnant about the risks associated with drinking alcohol during pregnancy.

2001 \ 26 min.

Leap of Faith: Bringing Faith-Based Programs Into Your Community

Provides an overview of the Federal offices of faith-based and community initiatives. Discusses and provides strategies to actively engage faith-based initiatives. Examines resources that exist and how to access them.

2003 \ 1hr. 30 min.

Legal But Deadly: Abusing Prescription Drugs

Highlights several cases of teens that became addicted to prescription drugs and the resulting consequences. Also highlights kids' false beliefs about these drugs and the all too common belief that because these drugs are prescribed they are safe. (Available in DVD and VHS)

2005 \ 20 min.

Legal Consequences of Alcohol and Other Drugs

Interviews with teens, attorneys, and law enforcement illustrate the real world consequences of adolescent alcohol and drug use. (Available in DVD only)

2005 \ 15 min.

Let's Help Youth Stay Drug Free: Part I

From a October 22, 1997 teleconference, this video is the first Substance Abuse and Mental Health Services Administration (SAMHSA)/CSAP broadcast to help "kick off" the Health and Human Services (HHS) Secretary's Youth Substance Abuse Initiative. Panel experts from various states and communities discuss the science and practice of youth substance abuse prevention. Model programs that use collaborative, public-private partnerships for prevention are highlighted.

1997 \ 2 hrs.

Let's Help Youth Stay Drug Free: Part II

Helps to identify useful tools and models for keeping youth from using alcohol and drugs. Promotes the use of science-based prevention programs for youth and provides specific examples of effective programs for youth. Panel experts discuss the strategies they have used.

1999 \ 2 hrs.

Let's Help Youth Stay Drug Free: Part III

From a March 10, 1998 teleconference, focuses on partnerships and comprehensive prevention strategies for states and communities. It emphasizes the vital roles that parents, schools, businesses, law enforcement and juvenile justice partnerships, faith communities, local anti-drug coalitions, and state and local governments play in preventing youth substance abuse.

1998 \ 2 hrs.

Let's Help Youth Stay Drug Free: Part IV

In this teleconference, key scientific findings to help parents prevent substance abuse in their children are discussed. Examines various risk and protective factors, including parental substance abuse, family management practices, and family bonding. Stresses the importance of parent-child communication and suggests ways for parents to encourage discussion of substance abuse with their children.

1999 \ 2 hrs.

Let's Help Youth Stay Drug Free: Part V

Research has shown that violence, HIV/AIDS, teen pregnancy, poverty, youth crime, and substance abuse are interrelated. This video explores these issues and looks at the strategies some communities have used to prevent social problems.

1999 \ 2 hrs.

Let's Help Youth Stay Drug Free: Part VI

Youth are often influenced by the powerful messages found on television programs, and in movies, advertising, and music. These messages often relate to substance abuse and other risky behaviors; however, media can also convey positive, healthy messages.

1999 \ 2 hrs.

Life Without Cocaine

The support mechanisms that can help recovering addicts enjoy a cocaine-free life are explored. Details the warning signs of an approaching relapse. Dr. Sidney Cohen explains the importance of being able to recognize the difference between cocaine highs and life highs.

1988 \ 16 min.

Lifelines: To Healthy Babies

Hear the stories of three women of different ethnic backgrounds who were faced with choices to make about cigarettes, alcohol, and other drug use during pregnancy. Information about how alcohol and street drugs can harm the fetus is presented, and women are urged to check with their doctor before taking over-the-counter medications or prescription drugs during pregnancy.

1992 \ 16 min.

Living Positive: An Inspiring Documentary About Women and AIDS

Presents interviews with five women of different races and ages who are living with the human immunodeficiency virus (HIV). Each shares her unique story and stresses the importance of early testing, treatment, prevention, self-esteem, and compassion.

1999 \ 40 min.

Lo Que Hizo Ramon

A story about an IV drug-user who returns from jail to his old neighborhood, emphasizes AIDS awareness and risk-avoidance from a Latino viewpoint. His neighbors and friends fear he may be an HIV/AIDS carrier. These fears highlight high-risk behavior and spark an examination of lifestyle change.

(Available in English and Spanish)

1989 \ 30 min.

Loaves and Fishes: Where There is Hope

A short presentation showcasing the programs available at Loaves and Fishes, a center in Sacramento that reaches out to the homeless. Graduates of these programs share the positive changes they have made in their lives and the gratitude they have for Loaves and Fishes. Programs at the center include a clean and a sober program, services for families, mothers with children, and a school for homeless children.

1997 \ 10 min.

Lost Childhood: Growing Up in an Alcoholic Family

A documentary examining adult alcoholism through the eyes of children. Host/Producer Emerald Yeh interviews children at a special summer camp retreat for children of alcoholics, then follows up with two of them 17 years later to see how they turned out as adults and what lessons they have to share. (Available in DVD and VHS)

2004 \ 30 min.

Lots of Kids Like Us

A true story of a brother and sister trying to cope with their father's alcoholism with the help of a friend they met at camp. Exposed to emotional abuse, they feel they have nowhere to turn. This touching video can help reach children of alcoholics and let them know they are not at fault, that they are not alone and they can get help.

1998 \ 28 min.

M

Marihuana: Escape a la Nada

Replace myths with reality through facts, information, and intimate portraits of users. This video challenges the myths about marijuana use by clearly stating that marijuana is an addictive substance with physical, emotional, and spiritual consequences for users. (Spanish version only)

2003 \ 41 min.

Marijuana Papers, The: Research Update

Reveals the latest scientific research about how marijuana changes the adolescent brain, impairs the brain's ability to perform complex tasks, lowers the body's immune system and can become powerfully addictive. (Available in DVD and VHS)

2005 \ 23 min.

Marijuana Update

Leo Hayden, a former college athlete, now working as a substance abuse counselor tells how he became addicted to marijuana. Other former users also share their stories of how their marijuana addiction began, and how they eventually hit rock bottom. Graphics are used to demonstrate the physical effects of marijuana on the body, while former addicts share the psychological effects.

1997 \ 16 min.

Marijuana in the New Millennium

Featuring Dr. David Ohlms, this video provides the latest information on marijuana, including new research proving the various physical and psychological problems it causes. Describes THC's effects on the immune system, the lungs, and the brain. (Available in DVD and VHS)

2001 \ 25 min.

Marijuana: A Video Guide for Parents and Professionals

Points out the latest research that marijuana is not a harmless drug. Presents facts that link marijuana use to lung cancer and the difficulty teenagers have in quitting once they have started.

2003 \ 20 min.

Marijuana: Teen Issues Series

Answers questions such as: Why has marijuana use increased and where is the marijuana coming from? Viewers join the Los Angeles Police Department as they go on a drug bust. A trip to the United States/Mexico border shows the huge quantity of marijuana confiscated by U.S. Customs Officials. The effects of marijuana are reviewed, and the importance of prevention through education is emphasized.

1997 \ 15 min.

Marijuana: The Escape to Nowhere

Replace myths with reality through facts, information, and intimate portraits of users. This video challenges the myths about marijuana use by clearly stating that marijuana is an addictive substance with physical, emotional, and spiritual consequences for users.

(Available in DVD only)

2005 \ 40 min.

Marijuana: Vacancy, the Life of a Pot Smoker

Presents the negative physical and mental effects of marijuana, as well as evidence of its addicting qualities.

2003 \ 12 min.

Marijuana: Weeding Out the Hype!

Discusses the impact of marijuana on youth, the myths and facts of marijuana use, and how community coalitions can educate parents, school administrators and others about this drug. Panelists discuss the physical effects on the body, prevention and treatment issues, and the effects of marijuana use on the individual, family and community. A World Wide Web broadcast, February 28, 2002.

2002 \ 1 hr. 30 min.

>>Series Title: Myths, Facts and Illicit Drugs: What You Should Know

Marijuana: Weeding Out the Hype! (edited version)

Viewers will learn some of the latest facts about marijuana, including trends in the use of the drug, the strength of today's marijuana, its effects, and the encouraging efforts being made in prevention and treatment.

2002 \ 30 min.

>>Series Title: Myths, Facts, and Illicit Drugs: What You Should Know

Marijuana: What Can Parents Do?

Specifically designed for parents, educators, and leaders in the field of drug abuse prevention. Presents science-based facts to educate families and the community about the resurgence in marijuana use among youth. Through the experience of parents and teens, this video stresses the importance of opening a dialogue between parents and children and encourages parents to communicate a strong prevention message to their children.

1996 \ 14 min.

Marketing Booze to Teens: "Alcopops" Media Advocacy, May 2001

"Alcopops" features news reports and highlights, television commercials, and focus group highlights that illustrate how alcohol companies are marketing to teens using slick ads, sweet beverages that don't taste like alcohol, and free merchandise. It discusses the tricks companies use to get teens to buy into the industry by selling and giving free samples to under-aged drinkers.

2001 \ 35 min.

MediaSharp: Analyzing Tobacco and Alcohol Messages

This kit is a guide for educators, youth group leaders, pediatricians, and other health professionals who work with or care for youth ages 11 to 14. The purpose of MediaSharp is to help young people critically assess how the media tends to normalize, glamorize, and create role models for unhealthy lifestyles and behaviors.

1998 \ 7 min.

Medical Consequences of Addiction

Examines the physical problems caused by the heavy and long-term use of psychoactive drugs, especially tobacco, alcohol, methamphetamine, and marijuana.

2005 \ 36 min.

Medication-Assisted Therapies

A panel of experts discusses the science, methodology, and effectiveness of medication-assisted therapies for both opioid dependence and alcoholism. The video also examines the implications for the future of addiction treatment.

2005 \ 1 hr.

>>Series Title: THE Road To Recovery
2005

Meeting at the Cross Roads, A

Takes an in-depth look at the causes and consequences of some teens' destructive decisions. Incarcerated teens talk face-to-face with those who choose alternatives to drugs and violence. Encourages a positive peer group influence for teens who choose not to use alcohol and drugs as well as for those willing to turn their lives around.

2001 \ 24 min.

Meeting the Challenge: Working With Deaf People in Recovery

Educational videotape about receiving help through therapy: excellent for drug and alcohol providers working with the deaf and hearing impaired. Presented in American Sign Language and voice.

1991 \ 20 min.

Mentor Vol. I: Relapse Prevention

Dennis Daley, Ph.D., examines specific counseling techniques, including how to develop a patient's cognitive skills in understanding the warning signs of relapse and preventing it.

1992 \ 55 min.

Mentor Vol. II: Assessing Childhood Trauma, Jane Middleton Moz

Offers counselors advanced training in childhood trauma, examining both cumulative and specific traumas. Symptoms of repressed or blocked emotions are reviewed and mentor, Jane Middleton Moz, M.S., focuses on identifying and resolving these traumas.

1992 \ 1 hr. 7 min.

Mentoring

Mentoring is proven to be an effective tool in drug prevention. This Community Anti-Drug Coalitions of America (CADCA) broadcast features effective mentoring programs of the National Guard and those of community coalitions. Includes a discussion between mentors and young people on the importance of their relationship.

1999 \ 2 hrs.

Mentoring...Volunteer and Change a Life

This Mentor Toolkit is hosted by Lynn Swann and consists of a Video, Guidebook and Resource CD. This fast-paced series of videos is designed to inspire and motivate. The video includes four distinct segments, each of which has a different theme: (1) Mentoring... Volunteer and Change of Life: In Our Own Words, What Young People Think about Mentoring (3:16 min.); (2) Mentoring... Volunteer and Change a Life in the Community (7:04 min.); (3) Mentoring... Volunteer and Change a Life in the Business Community (8:32 min.); (4) Mentoring... Volunteer and Change a Life in the Education Community (5:54 min).

2004 \ 25 min.

Message to the Younger Brother, A

Using a traditional Native American Talking Circle, Native American and non-Native men speak out to younger brothers about how the use of alcohol and drugs led them to prison.

1999 \ 35 min.

Message to the Younger Sister

Using a traditional Native American Talking Circle, Native American and non-Native women speak out to younger sisters about how the use of alcohol and drugs led them to prison.

1999 \ 26 min.

Messing with Heads: Marijuana and Mental Illness

Explores new research between marijuana and mental illnesses, specifically schizophrenia and paranoid psychosis. Citing a wealth of clinical evidence and observations by neurologists, psychiatrists, and psychologists, this program looks into the effects of THC on young brains.

2005 \ 46 min.

Metanfetamina: La Decision de Vivir

This two-part video reveals the devastating consequences of methamphetamine addiction and the struggles and rewards of recovery. Part 1 begins with a pharmacological explanation of methamphetamine's effect on the brain's chemistry. Part 2 offers hope for those beginning the long process of recovery. (Available in English and Spanish)

2003 \ 38 min.

Meth Effect, The

Dr. David Ohlms answers often asked questions about the dangers of methamphetamine, known by street terms including speed, crystal, crank, ice, and meth. He addresses the powerful addictive nature of the drug, explaining how it stimulates the central nervous system, giving the user a "rush" before crashing them into a violence-prone depression as the effect of the drug wears off.

1998 \ 20 min.

Meth Messages: LA Press Conference

Eight public service announcements about methamphetamine. "Cleaning girl" (30 sec.), "Drain cleaner" (15 sec.), "Battery acid" (15 sec.), "911 radio/Spanish" (60 sec.), "911 radio/English" (60 sec.), "Bugs" English (15 sec.), "Bugs" Spanish (15 sec.), "Meth game."

1998 \ 5 min.

**Meth: Big Time Drug In Small Town
America - Volume 1: Victims**

Experts discuss how meth can make parents choose drugs over their own children, and describe the trauma children suffer when they live in the squalor of their meth-contaminated homes, and then have to leave these homes to be de-contaminated. (Available in DVD and VHS)

2005 \ 18 min.

**Meth: Big Time Drug In Small Town
America - Volume 2: Facing the
Addiction**

Former users testify as to how they were able to get off the drug and become productive citizens. A detective discusses what law enforcement is up against in trying to apprehend criminals and prevent further crimes.

(Available in DVD and VHS)

2005 \ 25 min.

Meth: The Great Deceiver

Teens and drug experts provide critical information on what methamphetamine does physically, mentally and socially to the lives of people choosing to use this "Crack of the 90s." Developed for the teen audience, this video delivers startling facts and compelling, true-life stories of the violence and destruction of using this drug.

1999 \ 16 min.

**Meth: What's Cooking in Your
Neighborhood**

This is the first in a series of four satellite broadcasts about illicit drugs for members of community coalitions, community leaders, drug prevention and treatment providers, law enforcement officials and educators. A panel of experts talk about the toll methamphetamines take on a community and how citizens can protect their communities from a meth epidemic.

2001 \ 1 hr. 30 min.

>>Series Title: Myths, Facts and Illicit
Drugs: What You Should Know

**Meth: What's Cooking in Your
Neighborhood (edited version)**

Audiences with varying levels of knowledge about methamphetamine will learn about its many physical, psychological, and economic consequences for individuals, families and communities. Medical professionals, former users, community leaders, coalition members, and experts in child protection and in substance abuse prevention share their knowledge, experience, and resources.

2002 \ 30 min.

>>Series Title: Myths, Facts and Illicit
Drugs: What You Should Know

Methadone: Where We Are

Men and women discuss their experiences with methadone and opiate addiction. Physicians and counselors discuss how they prescribe and monitor methadone treatment.

1994 \ 33 min.

**Methamphetamine:
A Prevention Trilogy**

Three award-winning videos on one DVD: "Meth...The Great Deceiver" provides insight into teens and how meth can damage young lives. Learn about the harm caused by meth use first-hand from the young people themselves. (17 min.)

"Where Meth Goes...Violence and Destruction Follow" examines the havoc caused when methamphetamine use and clandestine meth labs gain a foothold in our communities. This thought-provoking video also takes a look at how two communities respond to the Meth epidemic. (18 min.)

"Hidden Dangers: Meth Labs" offers tips on recognizing potential meth labs and what to do when you suspect a meth lab is present. (18 min.)

2005 \ 53 min.

Methamphetamine: Deciding to Live

This two-part video reveals the devastating consequences of methamphetamine addiction and the struggles and rewards of recovery. Part 1 begins with a pharmacological explanation of methamphetamine's effect on the brain's chemistry. Part 2 offers hope for those beginning the long process of recovery. (Available in English and Spanish)

1998 \ 38 min.

Methamphetamine: The Hard Facts

Students will learn what methamphetamines are, how they are illegally produced in underground labs by drug dealers, and how addictive and deadly they are to those who experiment with them. Viewers will hear true stories from young people who have learned the hard facts about meth and are now struggling to regain control of their lives. Teacher's Resource Book includes many helpful fact sheets and student activities designed to reinforce the video's strong no-use message.

2003 \ 20 min.

Methamphetamine: The Rush to Crash

Examines all aspects of methamphetamines, including the history, pharmacology, and methods of use, desired and undesired effects of these drugs, both mental and physical.

1997 \ 28 min.

Methamphetamine: Trail of Violence

Provides a general overview of the process of identifying and breaking-down a clandestine lab. Results of ill-designed labs are shown in addition to discussions on deaths related to methamphetamine use and the addictive tendencies of this powerful drug.

1997 \ 18 min.

Michael's Journey

Focuses on family alcohol problems as they affect youth. Helps young people realize the importance of bonding and the need for trust, and to provide insight into the far-reaching effects of family addiction--through the comments of adult children of alcoholics (COAs) interspersed throughout the story.

1992 \ 24 min.

Michael's Journey (Native American)

Has a brief introduction by Don Coyhis, President of White Bison, Inc. regarding Native American communities and family alcohol problems. The story then follows two African-American boys who exemplify different coping styles of children of alcoholics. The goals are to help young people realize the importance of bonding, and the need for trust, and to provide insight into the far-reaching effects of family addiction.

2003 \ 30 min.

Milestones in Mentoring:**Three Guidance-Packed Oriented Programs for Volunteer Mentors**

Explores the challenges a mentor can face throughout the mentor/mentee relationship. Three parts: dealing with diversity, making it work, and troubled families.

1990 \ 2 hrs.

Motivational Interviewing:**Professional Training Video Series
Tape A: Introduction to Motivational Interviewing**

A conversational interview with Bill Miller and Steve Rollnick, conducted in the summer of 1997 by Theresa Moyers. Reviews background and current directions of motivational interviewing, explores its essential theoretical and conceptual underpinnings, and discusses its five basic principles. This is by no means a comprehensive introduction to motivational interviewing. Sets the context for the demonstration tapes that follow in the series.

1998 \ 41 min.

**Motivational Interviewing:
Professional Training Video Series
Tape B: Phase I, Part 1 and 2:
Opening Strategies**

Designed to illustrate the skills involved in the opening phase of motivational interviewing. Phase I focuses on identifying and strengthening the person's internal motivation for change. It begins with the first contact and continues until the transition into Phase II

1998 \ 51 min.

**Motivational Interviewing:
Professional Training Video Series
Tape C: Handling Resistance**

Presents a set of strategies for handling and decreasing resistance. The information presented is particularly useful during Phase I, although the methods are applicable throughout counseling. The phenomenon of "resistance" is discussed, and various strategies are explained and demonstrated.

1998 \ 1 hr. 2 min.

**Motivational Interviewing:
Professional Training Video Series
Tape D: Feedback and Information
Exchange**

One context in which motivational interviewing has been widely practiced is the "check-up" or feedback of assessment information. This specialized application involves much more talking on the part of the therapist, as more information is being given to the client. Focuses on actively giving information within the spirit of motivational interviewing.

1998 \ 55 min.

**Motivational Interviewing:
Professional Training Video Series
Tape E: Motivational Interviewing
in the Medical Setting**

A rapidly growing application of motivational interviewing in general health care settings. Here it is often necessary to compress the process of counseling into a shorter period of time. Explores how the spirit of motivational interviewing can be applied in busy health care settings.

1998 \ 48 min.

**Motivational Interviewing:
Professional Training Video Series
Tape F: Phase II: Moving Toward
Action**

Explores the move from Phase 1 (building motivation for change) into Phase 2 (consolidating commitment to a change plan) and how the counseling methods used in Phase 2 differ from the opening strategies of motivational interviewing.

1998 \ 37 min.

Multicultural 12-Step Recovery

This eight-part series provides a Native American perspective on Twelve Step recovery and personal development. Each video is presented in such a way as to be of value to people in all walks of life.

1999 \ Series

>>White Bison Wellbriety Recovery Series
Tape 1: Introduction and A Native American Perspective on 12-Step Recovery (23 min.)

Tape 2: Cycle of Life, Eight Feelings (35 min.)

Tape 3: Step One, Step Two (21 min.)

Tape 4: Step Two (continued), Step Three, Step Four (24 min.)

Tape 5: Step Five (36 min.)

Tape 6: Step Six, Step Seven, Step Eight, Step Nine (29 min.)

Tape 7: Step Ten, Step Eleven, Step Twelve (42 min.)

Tape 8: Opening Ceremony and Talking Circles (11 min.)

Murals Reflecting Prevention

Through the process of creating murals with positive drug prevention themes, youth are helped in a creative alcohol, tobacco, and other drug prevention setting.

1994 \ 10 min.

Mutual Support Groups:

What Everyone Needs to Know

Highlights what makes mutual support groups work and lets you know how to find one near you. It also gives helpful tips for health care providers, employers, the criminal justice system, and educators for incorporating mutual support groups into their operations.

2004 \ 1 hr.

>>Series Title: The Road to Recovery 2004

My Wings Grow Powerful

The DARE To Be You preschool parent education program and curriculum are profiled. DARE To Be You targets parents and caregivers of children ages 2-5, from various cultural backgrounds. The program's four key factors are discussed: a nurturing environment, building on the positive, personal discovery and role modeling. Also presents the four building blocks of the curriculum - Decision making, Assertiveness, Responsibility, and Esteem.

1997 \ 21 min.

N

NAPAFASA Conference:

Opening Plenary Session

The plenary session features speakers from the White House Asian American and Pacific Islander (AAPI) Initiative, the U.S. Department of Housing and Urban Development, the Office of Minority Health, and the National Institute on Drug Abuse.

Neighborhood Bar, The (Spanish version)

Shows the alcohol servers' responsibility to serve alcohol only to those who can drink legally. Demonstrates how to card patrons and know the difference between legal and fake I.Ds. (Also available in English and Korean)

1992 \ 14 min.

New Club Drugs: Designed for Death

Highlights each new club drug, how it works, how it affects the body and the mind, who sells them, and the health hazards. An emergency room physician, as well as a law enforcement officer, provide information about these drugs. (Available in DVD and VHS)

2005 \ 20 min.

New Crack Facts

Teenagers and parents learn about the dangers of crack with statistics, personal accounts, and medical information.

1989 \ 14 min.

New Life, A: Escaping Domestic Violence

Several women share their experiences about escaping domestic violence and beginning a new life. (Available in Spanish only)

1997 \ 17 min

New Way of Life, A

Provides information about Prop. 36, treatment vs. incarceration programs and what they provide for those who participate. Participants tell their stories of how Prop. 36 has changed their lives. (English and Spanish version)

2003 \ 14 min.

No Butts About It

Host Will Durst talks about the chemicals in cigarettes, tobacco industry tactics, and the culture of smoking on construction sites. Smokers talk about smoking, reasons for quitting and the dangers to family members. Provides the California Smoker's Helpline and Chewers' Helpline numbers.

2001 \ 8 min.

No Kind of Life

A documentary filmed inside Louisiana State Penitentiary. Prisoners "tell it like it is" about losing their freedom while still in their teens, due to drug related crimes. This video paints a no-nonsense portrait of crime-and-punishment and its long-term effects on the lives of youthful offenders who didn't fully think through the possible consequences of their drug-related criminal actions. Available in DVD and VHS.

2003 \ 20 min.

No Means No

Provides facts on date rape and focuses on prevention techniques. A date-rape victim shares the details of her own experience and provides advice on avoiding the same fate. A counselor who works with rape victims also offers information on dealing with potential rape situations.

2001 \ 29 min.

Numbing the Pain: Substance Abuse and Psychological Trauma

Explores the functions of substance abuse in trauma survivors' lives, and the difficulties faced in therapy by clients with both problems. Two men who experienced combat trauma, and two women who are adult survivors of child abuse, discuss their work in overcoming these effects.

1998 \ 30 min.

O

OTC, The: Battling the Over-the-Counter High

Get the facts about the abuse of over-the-counter drugs and what you can do to help prevent it. Learn about potentially dangerous over-the-counter medications and what some stores, consumer healthcare organizations, and communities are doing to help combat the problem.

2004 \ 1 hr.

Offering Hope, Recovery, and Resilience to Children of Addicted Parents

Leaders in the treatment and prevention fields discuss The Children's Program Kit, which was created to give young people the skills to become resilient and strong as they mature. Throughout the video, children living, or who have lived, with someone with alcoholism tell their stories and experts discuss the shame and isolation these children often feel.

2004 \ 30 min.

Older Adults in Recovery

Recovery late in life means changing much of what is familiar and comfortable. In this video, four older adults in recovery tell their stories.

2002 \ 30 min.

Olympic Spirit: Building Resiliency

Curriculum designed to provide teachers with a creative and engaging approach to supplementing drug and violence prevention lessons.

1995 \ 16 min.

One Community: One to One Partnership Awards

The Department of Corrections shares the benefits of starting their "Share the Path" mentoring program.

1995 \ 2 min.

One Kid At a Time

Comprehensive course on faith-based mentoring and mentoring relationships between adults and youth. Includes two handbooks: How Mentoring Can Transform Your Youth Ministry and How to Start and Grow a Mentoring Relationship.

1995 \ 45 min.

One for Over the Line

A special news report about a teenager who attended a party where he was drinking and then decided to get behind the wheel and drive. Hitting an on coming car, he killed two people and seriously injured three others. He was arrested for a DUI and charged with manslaughter.

19__ \ 16 min.

Opening Doors: Techniques for Talking With Southeast Asian Clients About Alcohol and Other Drug Issues

Opening Doors demonstrates assessment and early intervention methods for human service providers who work with Southeast Asian clients. Explores the unique aspects of substance abuse problems within Southeast Asian communities and includes two interviews conducted in Vietnamese, and two in Khmer (with English subtitles). Question and answer sessions and teaching points follow each interview.

1997 \ 60 min.

Options for Recovery

Women discuss what it is like to participate in a recovery program and go through treatment.

199_ \ 16 min.

Options for Recovery

Describes the program "Options for Recovery" in San Diego County. The women who participate in this program learn a new way of life, being alcohol- and drug free and about parenting.

1990 \ 27 min.

Overview of the Medicine Wheel and 12-Steps

A brief introduction to the principles of the Medicine Wheel, the 12-Step Recovery process, and other important concepts for healing and recovery.

1999 \ 35 min.

>>>Series Title: White Bison Wellbriety Recovery Series

**OxyContin and Other Prescription
Drugs: Killing the Pain**

Addiction to pain medication can start unknowingly and take hold suddenly. Whether prescribed by a physician or purchased on the street, painkillers such as OxyContin, Demerol, and Vicodin can be extremely effective in eliminating physical, emotional, and psychological stress. They can also be exceedingly addictive. Individuals who have overcome addiction to painkillers talk about how they got clean. (Available in DVD and VHS)

2005 \ 34 min.

>>Series Title: Drugs of Addiction

P

PCP & Ketamine

Describes PCP and evaluates phencyclidine and the veterinary anesthetic ketamine. Medical, law enforcement, and treatment professionals, as well as recovering addicts, provide information about the history of PCP and ketamine use, pharmacology and physiological effects.

2001 \ 21 min.

**Parenting Adolescents Wisely:
Volumes 1, 2, & 3**

This three-volume program allows parents to view common problems enacted in professional video scenes. Provides multiple solutions, and critiques both effective and ineffective parenting methods, and teaches valuable communication and behavior management skills. (Available in English and Spanish)

1994 \ 20-27 min.

>>Series Title: Parenting Wisely

**Parenting Is Prevention Part I of IV:
Building Healthy Families**

Focuses on the kinds of family risk factors associated with substance use, family protective factors that tend to prevent it, and programs and resources available to support parents.

1999 \ 1 hr. 30 min.

**Parenting Is Prevention Part II of IV:
Building Healthy Families**

Explains the influence parents can have on their children and the decisions they make. Children discuss their experiences with alcohol and drugs and their concerns. Recommendations are given for improving communication between parents and youth and provides clear, strong prevention messages.

1999 \ 1 hr. 30 min.

**Parenting Is Prevention Part III of IV:
Building on the Past for a Healthy
Future**

Provides a unique look at how families and prevention have evolved since World War II. Features experts with many years of prevention experience who share creative ideas about the future of prevention.

1999 \ 1 hr. 30 min.

**Parenting Is Prevention Part IV of IV:
Building Healthy Communities**

Explores the role of parents in creating safe environments for prevention to benefit all young people. Features experts who work in community environments (e.g., workplace-, school-, recreation-, and faith-based programs), as well as parent activists who have banded together to build healthier and safer communities.

1999 \ 1 hr. 30 min.

**Parenting Wisely: Young Children
Volumes 1 & 2**

This two-volume program allows parents to view common problems enacted in professional video scenes. Provides multiple solutions, and critiques both effective and ineffective parenting methods, and teaches valuable communication and behavior management skills.

2002 \ 38 min.

>>Series Title: Parenting Wisely

**Partners in Recovery:
Creating Successful
Practitioner-Consumer Alliances**

A compilation of interviews with people who have mental illnesses and with psychiatrists. The mental health consumers represent a broad array of ages, cultures, viewpoints, and experiences with psychiatrists and other mental health professionals.

2000 \ 18 min.

**Partnership for a Drug-Free America:
Phase II National Launch**

A compilation of fifty-three public service announcements created by the Partnership for a Drug-Free America. The spots are on various topics but are prevention focused. Most are between 10- and 30-seconds long.

1998 \ 29 min.

**Partnership for a Drug-Free California:
1998 Spanish Inhalant Television
Rotation**

Inhalant public service announcements in Spanish: "Drowning" targets teens; "Noses" an animated spot targets ages 8-12; "Ceiling tiles" targets ages 9-15; "Spoon feeding" and "Under your nose" targets parents. Each spot is 30-seconds long.

1997 \ 3 min.

Pepper / You're Not Alone

Two videos in one: "Pepper," a seven-minute video about a puppy named Pepper whose beloved owner becomes alcoholic and neglectful. Helps young children understand the circumstances of families faced with addiction and the confusion and feelings of rejection experienced by many children of alcoholics.

"You're Not Alone" is a nine-minute video that speaks to children in families with addiction or other high-stress and emotionally painful living environments, but contains important messages for all children and youth, preparing them to respond more appropriately and comfortably to friends and classmates who are COAs.

1998 \ 16 min.

**Pepper/You're Not Alone
(Native American)**

Two videos in one: "Pepper," a seven-minute video about a puppy named Pepper whose beloved owner becomes alcoholic and neglectful. Helps young children understand the circumstances of families faced with addiction and the confusion and feelings of rejection experienced by many children of alcoholics.

"You're Not Alone" is a nine-minute video that speaks to children in families with addiction or other high-stress and emotionally painful living environments. Contains important messages for all children and youth, preparing them to respond more appropriately and comfortably to friends and classmates who are COAs.

1998 \ 16 min.

Performance Edge, The

A positive way to teach young people about the dangers of drinking and smoking. Rather than saying "NO" to something negative, this program urges teens to say "YES" to peak performance -- on the athletic field, in the classroom, on the job-- and explains how tobacco and alcohol can destroy these activities.

1995 \ 9 min.

Perinatal Substance Abuse PSAs

A public service announcement, "One Precious Reason" in English and Spanish. This PSA runs 30-, 20-, 15-, and 10-second segments in English and 30-, 20-, and 10-second segments in Spanish.

1994 \ 7 min.

**Physician Does Make a Difference, The:
Recognizing the Faces of Alcohol and
Other Drug Abuse**

Developed to raise awareness of alcohol and other drug (AOD) abuse, this video motivates physicians to become involved in the recognition and management of AOD abuse problems in their patients. Encourages physicians to take an active role in the education of their patients and their communities on AOD abuse issues.

1991 \ 41 min.

Please Don't Smoke Around Me

Talks about medical problems caused by secondhand smoke and how to reduce a child's exposure. Features interviews with physicians and new mothers, facts on secondhand smoke, and how to protect the family.

1999 \ 7 min.

**Poor Jennifer. She's Always
Losing Her Hat**

Developed by the National Association for Children of Alcoholics, this video is about growing up in a family in which a parent suffers from the disease of alcoholism and the need to help the children break the cycle of shame and silence. Designed to educate adults about the issues faced by children of alcoholics and to encourage them to respond appropriately to their needs.

1991 \ 34 min.

Powerful Tool, A

Three ex-offenders share their experiences about seeking substance abuse treatment, deciding to test for HIV, and ultimately living with HIV. The purpose of this video is to help educate staff who might be working with anyone who faces the consequences of substance misuse, as well as, to help those who are incarcerated make the important decision to get tested for HIV.

2002 \ 29 min.

**Prescription & OTC Drugs:
Misuse & Abuse**

Examines legal drugs and the pharmacological principles that determine effects, both desired and damaging. Explores the idea that any substance can be a therapeutic drug, a psychoactive drug, or a poison, depending on the dose or interactions with other drugs.

2004 \ 35 min.

**Prescription Drugs: Killing
More Than Pain**

Learn how abusers are getting their drugs and how law enforcement, doctors, and pharmacists are fighting the problem. Hear from recovering addicts, treatment providers, doctors, robbery victims and more.

2005 \ 1 hr.

**Prescription Drugs: Recovery from
the Hidden Addiction**

Uses personal stories of people recovering from prescription drug addiction to break through the barrier of denial. This video is divided into two segments that help us understand the effects of addiction and the fundamentals of recovery.

(Available in DVD and VHS)

2005 \ 31 min.

1995 \ 15 min.

**Teen Truths About Marijuana:
The Gateway Drug**

Recovering teen drug addicts discuss how and why they started using marijuana, how after a while the high they experienced from marijuana wasn't enough anymore, and led them to try drugs such as cocaine, LSD and other hallucinogens.

1999 \ 28 min.

Teenage Mothers:**Looking Back...Moving Forward**

Profiles three young women over a five-year period who represent positive role-models for teenage mothers.

1992 \ 30 min.

Teenage Rebellion:**Drugs, Sex, and Crime**

Teenagers and rebellion go hand in hand. Unfortunately, some teen's rebellions become dangerous. Learn how some teens turn to drugs, sex and crime as a way of rebelling against their peers, parents, religion and society. Also, find out about constructive ways teens can declare their independence without causing harm to themselves or others.

2004 \ 26 min.

**Teens and Alcohol: Promoting
Dialogue on Underage Drinking**

In an effort to bring greater public awareness to the issue of underage drinking, George Mason University, in conjunction with Fairfax County (VA) Public School, hosted a Town Hall meeting. Students, parents, and professionals came together to engage in the discussion about the legal consequences and liability concerns, brain health considerations, and overdose and negative consequences associated with underage drinking.

2005 \ 1 hr 37 min.

**Teens, Gangs, and Violence:
It's Your Choice**

Explores how vulnerable teens and preteens may get caught up in the violent world of gangs. The video presents a drama that follows the plight of Alex (age 15) and his brother Jose (age 11) as they make a series of wrong choices that ends with a drive-by shooting of an innocent bystander.

2000 \ 17 min.

**Therapeutic Community:
History and Overview**

Dr. David Dietch reviews the history of therapeutic community and introduces this treatment model with emphasis on its application in correctional settings.

199_ \ 1hr. 45 min.

**Therapeutic Community:
Theory and Research**

Dr. George DeLeon, leading therapeutic community theorist and researcher, presents the theoretical foundations and research associated with this model.

199_ \ 41 min.

They Call Me Mr. Trejo!

Danny Trejo is a former convicted felon, and now a noted Hollywood character actor, who has appeared in such films as Con Air, Anaconda, and 6 Days and 7 Nights. From the time he was 14 years old he was a professional criminal. It took ten years of life behind bars in half a dozen prisons before he finally discovered the key to change. In 1969, he became involved in a 12-step program at Solidad State Prison and committed to take personal responsibility for his future.

1998 \ 28 min.

This Place

Shows the alcohol-saturated environment kids are exposed to and the impact of underage drinking. "This Place" offers a glimpse into communities that are taking action to reduce alcohol problems.

2005 \ 16 min.

Thumbs Up, Thumbs Down

Hosted by four teens reporting on tobacco use in movies and on television. Uses vignettes, vintage tobacco commercials, and California Department of Health Services Statewide Media Campaign PSA's to expose the tobacco industry's efforts to infiltrate all forms of entertainment.

1996 \ 25 min.

Tobacco: Smash It!

Narrators recount tobacco's historical rise and the scientific studies that undercover its deadly effects. Presents the medical arguments against tobacco use.

2003 \ 14 min.

Today's Heroes

Four young people convey the message that community service is available to all people, regardless of race, age, gender, socio-economic status, or academic achievement. For teenagers, this video offers powerful, personal perspectives on the value of community services by young people involved in them.

1991 \ 17 min.

**Today's Recovery Movement:
Remembering the Past and
Planning for the Future**

Examines how the recovery movement has changed over time and looks ahead to the movement's future, spotlighting the public's opinions regarding addiction and treatment as well as the laws, policies, and attitudes that affect recovery.

2005 \ 1 hr.

>>Series Title: The Road to Recovery 2005

**Together Against Tobacco:
Youth & Adult Partnerships**

Highlights the results of six young people and their adult allies working together to design an anti-tobacco message. Youth and adults work side by side to combine their skills and experience.

2003 \ 19 min.

Too Smart To Start

Too Smart To Start is a public education initiative that provides research-based strategies and materials to professionals and volunteers at the community level to help them conduct an underage alcohol use prevention initiative. The materials are also designed to educate 9- to 13-year olds about the harm of alcohol use and to support parents and caregivers as they participate in their children's activities. (CD-ROM and print materials)

2003 \ N/A

Tragic Choices: The Bob Leslie Story

A true story of baseball player and coach, Bob Leslie, of Sonoma County, California. He tells how he started chewing at age 13 and had cancer by age 27. Narrated by Joe Garagiola.

1998 \ 11 min.

Trauma and Substance Abuse I: Therapeutic Approaches

Four survivors of child abuse and/or combat relate how trauma and substance abuse have impacted their lives. Topics covered in this video are: schism between substance abuse and PTSD fields; prevalence of substance abuse among trauma survivors; psychological symptoms; legal and medical problems; stages of treatment, therapy with VA clients; and new treatment models.

1998 \ 46 min.

>>Series Title: Trauma and Substance Abuse

Trauma and Substance Abuse II: Special Treatment Issues

Four survivors of child abuse and/or combat relate how trauma and substance abuse have impacted their lives. Topics covered in this video are: the therapeutic relationship; codependency and therapist self-care; crises and relapses; twelve-step programs; medication; therapist characteristics and training, and positive effects of treatment.

1998 \ 40 min.

>>Series Title: Trauma and Substance Abuse

Treatment 101

This is the second video in a seven-part series of Webcasts that discusses and highlights key issues related to the 2001 Recovery Month observance. This program discusses the fundamentals of addiction treatment, looks at effective treatment modalities, and presents the latest national treatment initiatives.

2001 \ 59 min.

>>Series Title: Drug Addiction Recovery Month

Treatment 101: The Science and Methodologies of Treating Alcohol and Drug Use Disorders

Examines recent scientific and methodological advances in addiction treatment and explores how addiction treatment services have improved and diversified.

2005 \ 1 hr.

>>Series Title: The Road to Recovery 2005

Treatment Approaches for Women

Examines how treatment services are changing to help women successfully navigate the road to recovery. It also explores other issues that can affect their recovery progress, such as child care, co-occurring disorders and domestic violence.

2005 \ 1 hr.

>>Series Title: The Road to Recovery 2005

Treatment Issues for Women

Specific issues, methods, and techniques are presented to help viewers understand the multi-faceted dimensions of treating women who use drugs. Examines the challenges that women bring to treatment.

1997 \ 15 min.

Treatment Solutions

Describes the latest developments in drug treatment research, covers issues including treatment medications and behavior modification techniques, and emphasizes the benefits of drug abuse treatment, not only for the patient, but also to the community.

1999 \ 23 min.

Trial, Treatment, and Transformation

Introduces the findings of a Physician Leadership on National Drug Policy (PLNDP) study that reviewed the research on addiction and the criminal justice system. Profiles two graduates of Richmond, Virginia's drug court and the effects the drug court has had on their lives. Features comments and conclusions of leading physicians, researchers, and community leaders who have found that treatment for substance abuse within the criminal justice system is not only effective for the drug offenders involved, but also cost-effective for their communities. Presents evidence on the effectiveness of treatment programs as compared to incarceration. Examines alternative approaches to combating juvenile drug use and relapse.

1999 \ 18 min.

Tribal Tobacco Policies:

Protecting Our Communities

Presents secondhand smoke as a health hazard among the American Indian people. Includes interviews with members of various California tribes and examples of "no smoking" policies that can be used by the American Indian Community.

1997 \ 14 min.

Tweaked

A shocking and hard to watch film using a "scared straight" approach designed for the addict or those who need a strong warning about meth.

2000 \ 20 min.

Tweaked: A Generation in Overdrive

Designed for parents, counselors, schools, or law enforcement officials. This video includes all of the graphic sequences from the video "Tweaked" plus it takes a look at how a family of four girls recovered from meth addiction.

2000 \ 50 min.

Twenty Years of AIDS

Looks back at the early days of CDC's involvement with the AIDS epidemic, with commentary from many of the individuals who were involved in the publication of the first MMWR article and its subsequent impact.

2001 \ 17 min.

U

Under the Influence

Sends a message to underage drinkers and sober adolescents alike through the firsthand experiences of teens, most of whom started drinking in junior high. (Available in DVD and VHS)

2003 \ 26 min.

Underage Drinking:

Know the Facts, Know the Risks

Developed to help students understand the facts about underage drinking. This video clearly spells out the dangers and the risks of underage drinking while also providing new information on how the adolescent brain can be permanently damaged by alcohol. "Underage Drinking" also explores the risky trend of binge drinking, which results in thousands of teens being treated in the emergency room each year for alcohol poisoning.

2003 \ 27 min.

Underage Drinking: A Video Guide for Parents and Professionals

Provides parents with information about setting firm guidelines for their teenage children. Reveals the latest research on adolescent brain damage due to alcohol, the increased risk of accidents and driving fatalities and, most importantly, lets parents know that they are the best deterrent to stopping underage teen drinking. Informs parents of their legal liabilities if teens are drinking in their homes or at unsupervised parties.

2003 \ 20 min.

Understanding Depression and Addiction

Explores ways to cope with the common behaviors and thoughts associated with depression and provides support for recovery from depression and addiction.

1994 \ 20 min.

>>Series Title: Co-occurring Disorders Series

Understanding Suicide and Addiction

Discusses risk and protective factors, and focuses on practical strategies to reduce suicide risk and improve the quality of life.

2003 \ 22 min.

>>Series Title: Co-occurring Disorders Series

Understanding a Need: Alcohol and Other Drug Abuse Prevention for People With Disabilities

Provides a glimpse into the issues of alcohol and other drug abuse prevention and disabilities.

1993 \ 15 min.

Understanding the Drug-Exposed Child: Approaches to Behavioral & Learning

Summarizes why prenatally drug-exposed children may be at risk for behavior problems in the school. It also introduces the practical research basis for strategies for managing that behavior.

1998 \ 26 min.

Update on CDC's Revised Guidelines for HIV Counseling, Testing and Referral

Includes the key recommendations in the "Revised Guidelines for HIV (human immunodeficiency virus) Counseling, Testing and Referral." Provides information on implementation issues, resources, and recommended readings.

2001 \ 2 hrs.

Uppers, Downers, All Arounders: Drugs & Effects

Uses a visually compelling combination of animation, live action, graphics and interviews with addiction experts and particularly recovering users to present a current, wide ranging, nonjudgmental overview of drug use. Current drugs of abuse including Ecstasy, methamphetamines, marijuana, and inhalants, along with the "legal" drugs (alcohol, caffeine, tobacco, and benzodiazepines), are covered. In addition, concepts like hereditary and environmental influences, the physiology of drug use, and levels of use are examined.

2001 \ 1 hr. 3 min.

Using the ASI to Assess Client Needs and Treatment Planning: A Training Videotape

A two-volume training video demonstrating the use of the Addiction Severity Index (ASI). Covers the seven problem areas assessed in the standard interview as well as supplemental questions that may be asked of women. Includes an ASI Handbook for Program Administrators, a Resource Manual, and a Training Facilitator's Manual.

1993 \ 65 min. \ 64 min.

V

Ventana en la Cocina, La

A documentary of a drunk driving accident which left nine members of the Pacheco family dead. Includes interviews with family members and a memorial service held at a local high school. (Spanish version only)

1996 \ 15 min.

Vision of Hope: Preventing Violence, A

An inspirational video that examines our culture of violence and looks at ways we can reverse its rising tide and create safe and healthy communities. Discover how prevention efforts offer a promise for violence-free neighborhoods. Hear what experts have learned. Listen to the determined people who are making this happen.

1997 \ 15 min.

Voices of Experience

Features interviews from both patients and their families regarding the effects alcohol has had on their lives. This video was extremely well received by the community centers who hosted National Alcohol Screening Day.

2002 \ 26 min.

>>National Alcohol Screening Day

W

Walking Death, The

Describes the effects of MPTP, a fake heroin. Often passed out in the streets as the real thing, it can cause devastating harm. One side effect is a disease like Parkinson's, possible after just one use.

19__ \ 16 min.

Walking the Same Land (Native American)

Targets young Native American Indians who are returning to traditional cultural ways to strengthen their recovery from substance abuse. Young Aboriginal men from Australia share their culture and their healing with young Mohawk men from upstate New York. This video offers a holistic approach to substance abuse treatment.

2001 \ 42 min.

Walls That Speak

This story chronicles the creation of a remarkable series of murals. Their theme is: "United by pride, dignity and knowledge, we heal." Young people work together with members of all ages in their community to create a message of wellness and beauty that will stand in their community for many years. Documents positive models initiated by one community as a strategy to battle the negative impact of youth substance abuse, gangs, and violence.

1996 \ 30 min.

War on Addiction: The Battle of Relapse

Father Joseph C. Martin and Delbert Boone talk with a group of inmates at the Hale Creek Correctional Facility in New York about addiction, hope and recovery.

1992 \ 60 min.

Wasted Youth

Focuses on underage drinking, binge drinking and drinking while driving. Includes testimonial from families and youth that have been involved in alcohol related accidents.

2002 \ 17 min.

>>National Alcohol Screening Day

We Are Not Who You Think We Are

Women inmates at a maximum-security prison talk candidly about growing up with family violence, sexual abuse, drugs and alcohol. Offers emotional insight into the patterns of violence, addiction and crime that cycle from generation to generation.

1993 \ 14 min.

Web of Addiction

Investigates current research regarding chemical use and abuse, as well as the nature of addiction and dependency, whatever the substance. Psychobiological treatment strategies, as well as community and worksite intervention programs that are having success, are examined from professional, patient, and family points of view.

2000 \ 30 min.

Wellbriety Movement: The Healing of a Nation

Introduces the concept of Wellbriety: sober living and wellness, plus a life that is balanced emotionally, physically, mentally, and spiritually.

2001 \ 40 min.

What Families Can Do to Prevent and Intervene With Alcohol and Drug Problems

This is the third video of a seven-part series of Webcasts that discusses and highlights key issues related to the 2001 Recovery Month observance. Discusses how families can get beyond their denial to stop a drug or alcohol problem before it starts or to intervene in a loved one's addiction.

2001 \ 57 min.

>>Drug Addiction Recovery Month

What Is Alcoholism?

Defines alcoholism as an addictive disease that affects people of all ages, races and social classes. Psychologist Susan Tapert, Ph.D., who specializes in issues surrounding adolescent alcoholism, offers important information on how easily teens can become addicted to alcohol, and explains some of the unique problems faced by youth who become addicted.

2003 \ 22 min.

What Is Your Drug I.Q.?

Created to dispel the myths surrounding common drugs of abuse. Each belief is either proven or disputed, while honest, accurate information is delivered on alcohol, marijuana, LSD, cocaine, heroin and inhalants. This video encourages audience participation throughout by eliciting responses to true/false statements.

1995 \ 17 min.

What Ramon Did

A story about an IV drug-user who returns from jail to his old neighborhood, emphasizes AIDS awareness and risk-avoidance from a Latino viewpoint. His neighbors and friends fear he may be an HIV/AIDS carrier. These fears highlight high-risk behavior and spark an examination of lifestyle change. (Available in English and Spanish)

1989 \ 30 min.

What You Should Do About Drinking and Driving: Bai Hoc Nho Doi

This short presentation, in Vietnamese, spotlights the Santa Clara County California Driving-Under-the-Influence Program and focuses on a group of male Vietnamese clients. A counselor explains why people drink and a doctor explains the effects of alcohol on the body. The clients give first-person presentations on why they drink, the experiences they went through being caught, the high cost of being fined, and what they had to do to complete the program. (Vietnamese version only)

199_ \ 20 min.

What is FAS

Designed for families, educators, and health professionals. Examines the cause, treatment, and prevention of alcohol-related birth defects. Includes interviews with mothers and families of Fetal Alcohol Syndrome (FAS) children, and a commentary from international experts.

1989 \ 24 min.

What's Wrong With Ecstasy & Other Club Drugs

Counters the myth that Ecstasy is a "harmless love drug" and also presents Ketamine, LSD, and GHB as dangerous substances. Shows a clip from undercover surveillance footage taken at an actual "rave" with interviews of drug-free high school students. Describes the grim physical effects of club drug use as seen by emergency room professionals, coroners, and drug enforcement personnel.

2002 \ 24 min.

What's Wrong With Methamphetamine

Combines first person accounts from methamphetamine (meth) abusers with interviews by medical and law enforcement professionals. Viewers will witness the lingering and debilitating long-term impact the drug has had on a former meth addict. Students will learn that abuse of meth is an epidemic afflicting both urban and rural communities nationwide, and that extreme dangers and environmental hazards accompany its use and production.

2002 \ 25 min.

When Addiction and Mental Disorders Co-Occur

Examines the issues and promising practices associated with treating individuals with co-occurring and co-existing disorders.

2003 \ 1 hr.

>>Series Title: Join the Voices of Recovery: Celebrating Health

Where Angels Weep: A Film About Teenagers and Heroin

Follows the downward spiral of teen heroin abuse and addiction on a trip from the suburbs to the misery and horror of life on the streets in the big city. Exposes the myth that you can't get addicted to heroin unless you inject it. Lets teenagers see first hand the fate that awaits them if they use such hard core drugs as cocaine, crack cocaine and heroin.

2000 \ 48 min.

Where Meth Goes! Violence and Destruction Follow

Explores the "Methamphetamine Crisis" in America today, and its high cost to society. Examines the violence, child abuse, and social damage to individuals and families that are often caused by this powerful drug. Looks at the environmental impact of meth labs. The facts and stories in this video dramatically illustrate the compelling need for individuals and communities to take action to combat this devastating problem.

1998 \ 17 min.

Which Brain Do You Want? The Real Reason Why You Should Always Say No To Alcohol, Drugs and Cigarettes

Shows actual brain images of people who have used drugs and alcohol. Based on extensive brain imaging research on hundreds of drug abusers it shows that drugs and alcohol can have a serious negative impact on the physical functioning of the brain. The language in this video is simple and easy to understand. The images and stories convey a powerful anti-drug message.

1998 \ 38 min.

White House Leadership Conference on Youth Drug Use and Violence

President Clinton and others discuss the concerns of youth well-being. The conference concentrates on listening to youth to support their aspirations.

1996 \ 3 hrs.

Why (California)

Designed to motivate and inspire the viewer about the need for strong tobacco education programs. Specific for Proposition 99 programs in California.

1999 \ 8 min.

Why R U?

Examines the reasons for the national epidemic of substance abuse among teens and how teens can avoid this form of self-destruction. Teens in recovery talk about the damage caused to themselves, their friends, and their families by their addiction. The audience is challenged to ask if they need help with an addiction.

1991 \ 29 min.

Window of Opportunity: Reducing Children's Exposure to Violence

Focuses on the effect exposure to violence has on a child's developing brain, and how to get involved and make a positive difference in children's lives. Features interviews with First 5 California Chairperson Rob Reiner, neuroscience researcher Dr. Brice Perry, and representatives from law enforcement, social services, medical and mental health, education and the faith community.

2002 \ 13 min.

Witnessing With Anonymity: Dispelling the Misconceptions that Silence the Voices of Recovery

Focuses on how people in recovery can provide testimonials and recount their successful recovery journey and still be respectful of Twelve Step Traditions. It also addresses the myths and misconceptions that keep silent the voices that could give others hope and the courage to recover.

2004 \ 1 hr.

>>Series Title: The Road to Recovery 2004

Women and Tobacco: Seven Deadly Myths

Explores the myths about smoking and empowers women to become or stay smoke-free. After watching the video, participants will be able to 1) discuss the myths that surround women and smoking, 2) define some of the serious health effects of smoking on women, and 3) describe the benefits of quitting smoking.

2001 \ 17 min.

Women in Prison: Your Way Out to Stay Out, a Road Map to Making Better Choices

Features women inmates discussing what led to their incarceration. These women identify their behaviors and reactions that supported their destructive lifestyle, and find their own plan, one that will change their behavior and support a successful life after their release.

2000 \ 56 min.

Women of Substance

Pregnant women with children tell stories about their lives and living with addictions. Discusses different treatment centers and assistance that is available.

1995 \ 10 min.

Women with Alcohol Dependency

Profiles women of different ages and backgrounds who are in recovery. Though the incidence of alcoholism is slightly less among women than men, once it develops, this disease tends to progress more rapidly in women. Physiological differences put women at a greater risk for physical complications.

2004 \ 27 min.

Women's Choices, Women's Voices: Healthy, Drug-Free

Profiles six women who have chosen healthy, drug-free ways of dealing with stress in their everyday lives. The women describe some of the things they do to take care of themselves to feel good, as well as their attitudes towards using alcohol, medications and other drugs.

1996 \ 28 min.

Women, Wine and Wellness

This kit focuses on two subjects: Alcohol and Your Body: the physiological impact of alcohol on a woman's body (10 min.); Fetal Alcohol Syndrome (FAS): the serious effects of alcohol on a fetus (9 min.).

1991 \ 19 min.

**Working Partners: Substance Abuse
in the Workplace**

Explains the link between alcohol and other drug (AOD) use and job performance.

Includes numerous materials and resources for employers.

1994 \ 20 min.

**Wounds That Won't Heal: The Adverse
Childhood Experiences Study**

Adverse childhood experiences (ACEs), though well concealed, are unexpectedly common, and have a profound effect on adult health. Three men and five women, adult survivors of ACEs, describe their experiences and the effects later in life.

2005 \ 30 min.

Y**Youthquake Ahead: Community Forums**

Forums on underage drinking and driving.

1997 \ 8 min.

Z**Zonas Libres de Drogas:
Entrando en Accion**

Designed to motivate communities to take action against drug dealing and alcohol-related problems. (Spanish version)

1991 \ 27 min.
